

Broward County Industries Labor Surplus/Deficit Report

The Labor Surplus/Deficit Report provides a comparison of the number of available workers in the targeted industries just prior to the COVID pandemic to the number of available workers as of the latest available data from the Florida Department of Economic Opportunity.

Data Updated Monthly ¹	# of workers		
	Feb-20	Feb-22	Change + or -
Construction	50,300	48,200	-2,100
Healthcare	66,900	65,200	-1,700
Leisure and Hospitality: Accommodation & Food Services	85,800	82,100	-3,700
Leisure and Hospitality: Arts, Entertainment & Recreation	13,500	9,900	-3,600
Total All Industries (Monthly Data Update)	216,500	205,400	-11,100

**This table represents the talent deficit from the month before the shutdown began through February of 2022 (not seasonally adjusted).*

Data Updated Quarterly ²	# of workers		
	Q1 2020	Q3 2021	Change + or -
Aviation/Aerospace	15,873	15,050	-823
Marine	8,763	8,427	-336
Technology	25,105	27,978	+2,873
Total All Industries (Quarterly Data Update)	49,741	51,455	+1,714

**According to the FLDEO, this data is collected quarterly and not monthly due to the smaller workforce size.*

***This table represents the talent deficit from the quarter when the shutdown began through the 3rd quarter of 2021 (not seasonally adjusted).*
