SERVICES FOR VETERANS

Job Search Skills Training

We can help you translate military experience to civilian marketable skills through our workshops, or one-on-one assistance. Take advantage of Veteran's Priority of Service with our résumé, interviewing, and social media workshops. The Professional Placement Network (PPN) is a three day, series of workshops that will teach you how to get the most out of your personal and professional networks, and tap into the hidden job market.

Resource Room

We have the tools available to support your job search! Use our computers to manage your EmployFlorida account, apply for jobs, or work on your résumé and print copies. We also have phones and fax machines available so you can connect with employers.

Intensive Services

CareerSource Broward veteran representatives are specially trained to assist veterans with Significant Barriers to Employment. Our vet reps will work with you to develop an action plan, and will refer you to the services you need, provided by our community partners.

Vet-Friendly Placement Services

We have partnerships with some of Broward County's most vet-friendly employers, and can refer you to job opportunities with them.

Career Assessments

We offer various assessments to help you find compatible job opportunities and career paths, validate occupational skills, or identify gaps. Are you an expert in something? We can help you prove it!
