

Due to ongoing concerns regarding the coronavirus (COVID-19) outbreak, CareerSource Broward has temporarily closed its administrative office and three career centers effective March 17, with an anticipated re-opening date of Monday, April 20, 2020. In order to serve the immediate needs of job seekers, employers and the general public, center staff will continue to work remotely by leveraging technology to conduct and/or reschedule appointments, send and receive documentation and facilitate outreach to Broward County employers. If you are a participant in any of our employment-related programs (Welfare Transition Program, SNAP, WIOA), please also feel free to email your assigned success coach, as well.

Below is a listing that contains phone numbers that will allow you to access remote services should you have any questions or wish to speak with center staff.

NORTH ONE-STOP CENTER
