2. Customers of the OS Centers first access Wagner Peyser services through CSBD guided and co-located employment service staff. Employment service staff offer one-on-one services to customers. Customers who need more than minimal assistance, access to workshops, or job search resources are referred to WIOA funded Title I OS Center staff.

AARP FOUNDATION staff are co-located in the Comprehensive OS Center and have a lease with CSBD in accordance with the mall approach. Some Title V participants also have a Work Experience assignment in the OS Center. The Urban League of Palm Beach County (ULPB) participates through technology, and they assign a specific case manager to work on referrals and cross referrals. All One Stop partners can link to Title V services through the referral and cross referral process. Title V staff participate in OS Partner meetings.</p>
<p>Veterans</p>	<p>Veterans Representatives are co-located at all OS Centers. Veterans Representatives see customers on a walk-in and by appointment basis. Their participation in the funding of the infrastructure and operation of the OS Delivery System is done through cost allocation of the DEO allocation to CSBD</p>

OS Partner	Services to be provided through the OS Centers or via Technology Connection
Community Service Block Grant (CSBG)	One Stop partners link to CSBG services through the technology and referral process. CSBG staff participate in the OS Partner meetings. CSBG is managed by Broward County and often contributes to the CSBD Summer Program. The OS Center and CSBG connect through technology by assigning a specific case manager. Support services available are key for eligible WIOA Adults and Dislocated Worker participants after exit during follow-up
Trade Adjustment Assistance Act	Trade Adjustment Assistance Act (Trade Act) staff are co-located in OS Center and funded through an allocation from DEO. Their participants are co-enrolled in WIOA Title I Dislocated Worker programs. Like Dislocated Worker programs participants are referred and cross referred among One Stop partners. Staff participate in OS Partner meetings. Funds are cost allocated to cover their share of costs in the OS Center.
Unemployment Insurance (UI)	All Wagner-Peyser and WIOA Title I staff are trained to give basic UI information to customers and help with UI claims. There are dedicated phone lines in the OS Center for customers who need additional assistance. Funds are awarded to CSBD by DEO and cost allocated to cover their share of costs in the OS Center.
Supplemental Nutrition Assistance Program (SNAP) Employment and Training Services	All One Stop partners have a direct link to SNAP services through the referral process. There are specific staff assigned to provide SNAP case management. Funds are awarded to CSBD by DEO and cost allocated to cover the SNAP share of costs in the OS Center.

All One Stop partners can link to Second Chance services through the referral and cross referral process. Second Chance staff participate in OS Partner meetings.

4. The One Stop partners worked diligently to map services provided to job-seekers and business customers in the CSBD workforce development area. The chart above details how each OS Partner provides services through the OS Delivery System.
5. CSBD has three infrastructure options: 1. Co-location using a “mall approach”, 2. a technology approach, and 3. cost allocation for all OS Partner funds administered by CSBD.
 - i. The Mall Approach - Using a mall approach for the One Stop partners who co-locate at an OS Center provides infrastructure support through a type of lease arrangement. Each OS Partner is responsible for taking care of their own needs within their space. These One Stop partners budget at the beginning of the year for the space they occupy. They commit to that space regardless of whether their funds are reduced or staffing decreases or increases, the dedicated space stays the same for the duration of the year as it would in a mall lease. The lease charge is stable for the year. The OS Partner is responsible for all costs related to their space.
 - ii. The Technology Approach - The technology approach is also impervious to funding increases and decreases. It is a minimal cost so the One Stop partners don't have to struggle with budget concerns. These One Stop partners commit to maintaining a page or partial page on the CSBD website
 - iii. The Cost Allocation Approach – Cost allocation is not an agreed to method. It is required for all OS Partner grant funds awarded by DEO to CSBD and the other local boards. If awarded discretionary grants, CSBD allocates a portion of the costs to support the OS infrastructure and operations.
6. One Stop partners not co-located, regardless of funding, agree to assign a position to be the main contact for inquiries regarding OS Partner programs and for a “warm hand off” of a participant through referral. Technology connections include the phone, Zoom or similar technology allows for intakes and assessment to occur concurrently for more than one program and may take place in the OS Center regardless of the OS Partner's location.
7. One Stop partners commit to a position, not a person, so personnel changes have little impact on the referral of participants among the One Stop Partners.
- f. A detailed WIOA services matrix has been created for the OS Center. The service matrix includes the One Stop partners along with current contact information for questions and referrals. Each OS Partner has also listed the services they provide.

VII. Data Sharing

- a. WIOA, federal, and state laws determine safeguards specific to the databases of the various OS Partner funding streams.
 1. The AARP Foundation agrees:

- i. To share data in accordance with the State of Florida Shared Data Confidentiality Policy
- ii. To share data and technology as appropriate in serving job-seekers. This may include obtaining signed releases to be able to share information among the necessary One Stop partners to deliver needed services
- iii. To maintain the confidentiality of participants' information
- iv. To safeguard Personal Identifying Information (PII) used to track participants prior to sharing participant information
- v. To notify the appropriate OS Partner in the event of a breach

VIII. Procurement of the OSO

- a. CSBD followed the process established in 2 CFR Part 200.318-326, U.S. Department of Labor's Training and Employment Guidance Letter 35-10, and DEO guidance in procuring and selecting their OSO.
- b. The OSO was selected through a competitive process. The OSO communicates regularly with the One Stop partners to plan, address continuous improvement, monitor referrals and accessibility among the One Stop partners.
- c. One Stop partners agree that the OSO shall be responsible for:
 1. Coordinating required services delivery in the OS Center and ensuring that the services are being delivered to OS Center customers
 2. Serving as a liaison between the WIOA Title I staff and One Stop partners
 - 3.
 4. Reviewing the MOU annually to ensure it is up to date
 5. Monitoring One Stop partners' adherence to the terms of the MOU
 6. Facilitating and/or delivering training to ensure the AARP Foundation staff is aware of basic services offered by each of the One Stop partners
 7. Continuously work on improving the OS Delivery System by focusing the One Stop partners on coordination and integration of OS Partner services
 8. Ensuring CSBD Career Center services are market-driven and that labor market information is available and accessible
 9. Monitor One Stop partners referrals
 10. Convene biannual OS Partner meetings, setting the agenda, recording minutes, and working with the One Stop partners on "next steps"

- d. The OSO may not:
 - 1. Participate in the development or submission of the local 4-year plan.
 - 2. Be responsible for oversight of themselves.
 - 3. Manage or participate in the OSO procurement process.
 - 4. Select or terminate themselves or service providers.
 - 5. Negotiate local performance.
 - 6. Develop the CSBD budget.

IX. Administration and Operations Management

- a. CSBD provides oversight over the procured OSO by:
 - 1. Attending partner meetings and participating in partner activities
 - 2. By reviewing quarterly reports provided by the OSO detailing the OSO activities which must include:
 - i. Coordination of OS Center required career services with the One Stop partners
 - ii. Educating all the One Stop partners regarding universally available basic career services
 - iii. Monitoring service delivery to ensure services meet customer expectations
 - iv. Serving as liaison between the One Stop partners to ensure each OS Partner has an equal voice regarding effective ways to deliver OS workforce services
 - v. Facilitating OS Partner and Business Services staff joint meetings to plan and deliver joint partner recruitment and job fairs
 - vi. Coordination with other community organizations to participate in community events for outreach and to publicize available One Stop partners' workforce services

X. Shared Funding Process for Infrastructure Costs

- a. OS Operating Budget
 - 1. This is determined by a negotiation between the BWDB as represented by CSBD and the One Stop partners to determine how the costs and operating costs of the OS Center will be supported as expressed in the Infrastructure Funding Agreement (IFA) which is a part of and incorporated into this MOU in accordance with WIOA § 121(c)(1), 20 CFR 678.500(b)(2)(i), 34 CFR 361.500(b)(2)(i), and 34 CFR 463.500(b)(2)(i)).
 - 2. All One Stop partners were a part of the discussions agreeing to the methodology presented. Individual one-on-one negotiations were conducted to finalize discussions and to iron out the details. CSBD has successfully negotiated to arrive

at a cash contribution from each OS Partner.

3. It is the belief of the BWDB that:
 - i. All One Stop partners must contribute cash to support the OS Center.
 - ii. People and organizations value what they pay for.
 - iii. A low-cost solution must be available to ensure every mandatory and non-mandatory approved OS Partner can participate.
4. CSBD has offered 2 options to the One Stop partners, 1) the mall approach and 2) the technological approach. CSBD cost allocates grant awards as appropriate to ensure grants bear their fair share.
 - i. CSBD fiscal staff determined the cost of maintaining the OS Center rent, utilities, common space, and related costs and arrived at a cost per square foot. Co-located One Stop partners were presented with the inclusive cost per square foot for the space that they occupy. All co-located One Stop partners pay for the square feet they occupy based on the calculation as determined by the CSBD fiscal staff. All formula grants, DEO allocations for co-located and managed partners, and discretionary grants, regardless of whether they are WIOA or another funding stream, are charged their fair share of the maintenance of the OS Center through cost allocation and funding decisions as determined by the CSBD President/CEO and Senior Vice President Fiscal Sr. VP Fiscal.
 - ii. CSBD uses a "Mall" approach for determining the costs attributable to co-located AARP Foundation. Each co-located One Stop partner is responsible for covering their service delivery operating costs as if they were leasing space in a "Mall".
 - iii. CSBD Fiscal staff worked with CSBD IT staff to calculate the cost of a presence on the CSBD website, including utilities, maintenance, updates, and space and were able to establish an annual cost of \$215.49 per provider for a page on the CSBD website.
 - iv. All non-co-located One Stop partners are technologically connected as stated in the "One-Stop Operations Guidance for the American Job Center" ETA OWI 1/18/17, the One Stop partners "uses technology to achieve integration and expanded service offerings" and by "making available a direct linkage through technology to a program staff member who can provide meaningful information or services" pursuant to TEGl 16 -16 20 CFR 678.305(d), 34 CFR 361.305(d), and 34 CFR 463.305(d).
 - v. **Exhibit 1** is a matrix of all One Stop partners participant staff contacts by person/position, email, regular mail, and phone contact. One Stop partners technologically connected may connect to participants via telephone, ZOOM, TEAMS or GOTOMEETING applications which allow for face-to-face interface and joint case management and counseling sessions as needed

and appropriate. Generally, the initiating OS Partner uses their license to connect to the other OS Partner.

5. As described herein:

- i. The technology approach is impervious to funding increases and decreases.
- ii. CSBD is able to offer a minimal cost solution - One Stop partners don't have to struggle with budget concerns as budgets increase and decrease.
- iii. One Stop partners commit to a page and the cost of its maintenance on the CSBD website.
- iv. One Stop partners not co-located, regardless of funding assign a position to be the main contact for inquiries regarding OS Partner programs and for a "warm hand off" of a participant through referral. Technology connections also include the phone for quick contacts and offers Zoom or similar technology for face-to-face intakes and assessment.
- v. One Stop partners commit to indicate a position and/or a staff person as the designated contact, so personnel changes have little or no impact on the referral of participants among One Stop partners.
- vi. Cost is stable.

6. Other Contributors - At this time only mandatory partners are participating in the OS Delivery System.

b. Funding of Services and Operating Costs/Infrastructure Funding Agreement

1. Per 20 CFR 678.700-755 and 678.760; 34 CFR 361.700-755 and 361.760; and 34 CFR 463.700-755 and 463.760, One Stop partners must contribute to the infrastructure costs and operating costs of the OS Center based on their proportionate use. Because One Stop partners contributions must be an allowable expenditure in accordance with each One Stop partner. One Stop partners' program guidelines as well as under 2 CFR 200 et al, the One Stop partners developed options that allowed each agency to meet their WIOA obligation while complying with their program requirements.
2. By the authority vested in the signatory for each OS Partner, the OS Partner agrees to the methodology for infrastructure funding as described herein.

XI. Conflict Resolution

- a. AARP Foundation has agreed to the conflict resolution process described herein for disputes arising out of this agreement as follows:
 1. In the event of a dispute, the AARP Foundation will first negotiate in good faith to identify possible solutions to resolve the dispute.
 2. If the dispute cannot be resolved the matter will be forwarded to DEO as the

Governor's representative, for assistance.

- b. When providing services through the OS Delivery System, the AARP Foundation will ensure enforcement of non-discrimination and equal opportunity policies. If a violation occurs, the proper chain of command will be followed, and the staff member's employer of record will be called upon to help resolve any issue.

XII. The OS System Referral Process

- a. In accordance with WIOA, the One Stop partners have agreed on how referrals and cross referrals will be accomplished between the AARP Foundation.
 1. The vision of the One Stop partners as expressed through this MOU is to utilize a referral process which will:
 - i. Provide customers with seamless access to services across all programs
 - ii. Provide job-seekers and employers with the information they need to be successful
 2. Access to Services: To accomplish the vision, the One Stop partners agree to include in their assessment process consideration of services available through each of the One Stop partners including universal or basic career services available to the general public.
 3. As described above the OS Center provides access to the programs and services of all the required One Stop partners. This is accomplished by the following steps:
 - i. Customers are guided to the job search tools of the resource center.
 - ii. Employment service or WIOA staff provide general assistance or identify the appropriate OS Partner service.
 - iii. Individuals needing referral are then guided to access the appropriate OS Partner program by being directed to a co-located OS Partner or being assisted to immediately connect to a non-collocated OS Partner through technology via phone and /or a web-based video conferencing platform such as Zoom for an initial assessment. The OS Centers also provide direct linkage via email to OS Partner program staff.
 - iv. In accordance with the agreed upon OSO's responsibility, OSO program staff are trained sufficiently to familiarize them with all services available through all the One Stop partners. This ensures the staff have the competency and skills necessary to assist participants when applying for program benefits or services.
 - v. All required OS Partner program staff, in accordance with training facilitated by the OSO, shall be sufficiently knowledgeable about the other OS Partner programs and services to screen an applicant to determine appropriate referrals.
 - vi. To the extent possible referring staff shall directly contact the recipient of the

referral to facilitate seamless delivery of services and shall inform the customer regarding what to expect as a result of the referral to ensure a “warm handoff.”

- b. A special referral process has been agreed to by the One Stop partners for Unemployment Insurance (UI). In accordance with WIOA, UI claimants, must be provided with “meaningful” assistance when filing UI claims. This is critical to the One Stop partners as well, as often they are also assisting the unemployed.
 - 1. All OS Center staff receive training sufficient to familiarize them with the online claims filing system. Staff must be able to explain claimants’ rights and responsibilities so they can understand the UI publications and correspondence.
 - 2. OS Partner customers coming in or referred to the OS Center for UI meaningful assistance receive:
 - i. OS Center on-site assistance from resource room staff trained in filing UI claims.
 - ii. Phone or other technology provided assistance, as long as the assistance is by trained and available staff.
 - iii. Access to a priority phoneline for claimants to speak directly with UI staff with little to no wait.
 - iv. An electronic feedback system which staff can access to refer potential UI eligibility issues to the UI staff for investigation.
 - 3. Other UI assistance beyond filing assistance is provided by state UI staff.
 - 4. The One Stop partners agree to the following definition of meaningful services. It is the provision of the contact information necessary for onsite and technologically connected One Stop partners to consult with customers. It is the delivery of initial assessment simultaneous with the customers’ visit to the CSBD Career Center. It is the scheduling of an appointment for the customer. The referral form also provides for a release so that information can be exchanged among the One Stop partners
- c. Customer referrals shall be made using the electronic referral form in the OS Partner portal, “Crosswalk”.
 - 1. The AARP Foundation agrees that appointments will be set within three working days of receiving a referral, and the participant will be contacted two days prior to their appointment to confirm the appointment. Participants shall be informed regarding documents they need to bring to their appointment.

All referrals must include the following information:

Date of Referral
Name of Referring (OS Partner) Organization
Referring OS Partner Contact Staff Person

Contact Person Phone and Email
Name of Organization (OS Partner) Receiving the Referral
Referring OS Partner Contact Staff Person
Contact Person Phone and Email
Name of Customer being referred
Customer's Address, Phone number, and Email
Reason for the Referral
Confirmation of receipt from the Recipient Agency

2. Feedback and Follow-Up: When a referral is made, customer feedback shall be solicited through a sampling of follow-up calls to be initiated by the OSO to discuss the services provided and next steps.
3. All One Stop partners agree to case note referrals as appropriate in their respective data management systems and notice of the referral shall be emailed to the case managers' supervisors. Supervisors shall maintain a master list of referrals on a monthly basis. The OSO shall work with the One Stop partners to track and report on referrals.
4. Shared information shall adhere to the customer disclosure form and be in accordance with the customer's agreement. Encrypted email shall be used for sensitive information.

XIII. Accessibility

- a. All One Stop partners agree to conduct their activities in a discrimination free environment that promotes employment opportunities to all job-seekers, in accordance with WIOA Section 188.
- b. All customers shall have equal access to all OS Partner services provided through the OS Centers. The One Stop partners agree to comply with the Americans with Disability Act of 1990 and its amendments.

Staff are trained to assist customers with their accessibility needs. The South Comprehensive OS Center has been updated for physical accessibility. There are designated handicapped parking spots near the building.
 5. The Comprehensive OS Center is located within walking distance of public transportation and other workforce development and social service offices. The OS Center is accessible by car, bike, or public transportation.
- e. **Programmatic Accessibility:** The AARP Foundation is aware that the OS Center provides a welcoming environment to all customers entering the OS Delivery System. Accessibility is available to customers and to One Stop partners.
1. OS Partner staff have been trained how to use the technology in the OS Centers.
 2. One Stop partners that need to access the OS Center tools for their customers can visit the OS Center or refer their customers in accordance with the referral mechanism provided for under this MOU. Accessibility is made available by offering the following tools:

OS Partner	Services to be provided through the OS Centers or via Technology Connection
SCSEP Title V Older Americans Act	WIOA Title V Older Americans Act. AARP FOUNDATION staff is co- located in the Comprehensive OS Center and have a lease with CSBD in accordance with the mall approach. Some Title V participants also have a Work Experience assignment in the OS Center. The Urban League of Palm Beach County (ULPB) participates through technology, and they assign a specific case manager to work on referrals and cross referrals. All One Stop partners can link to Title V services through the referral and cross referral process. Title V staff participate in OS Partner meetings.
Veterans	Veterans Representatives are co-located at all OS Centers. Veterans Representatives see customers on a walk-in and by appointment basis. Veterans' staff participate in the referral and cross referral process. They also participate in One Stop partner meetings. CSBD is allocated funds by DEO to guide and manage the staff. Their participation in the funding of the infrastructure and operation of the OS Delivery System is done through cost allocation of the DEO allocation to CSBD.
Community Service Block Grant (CSBG)	One Stop partners link to CSBG services through the technology and referral process. CSBG staff participate in the OS Partner meetings. CSBG is managed by Broward County and often contributes to the CSBD Summer Program. The OS Center and CSBG connect through technology by assigning a specific case manager. Support services available are key for eligible WIOA Adults and Dislocated Worker participants after exit during follow-up

OS Partner	Services to be provided through the OS Centers or via Technology Connection
Trade Adjustment Assistance Act	Trade Adjustment Assistance Act (Trade Act) staff are co-located in OS Center and funded through an allocation from DEO. Their participants are co-enrolled in WIOA Title I Dislocated Worker programs. Like Dislocated Worker programs participants are referred and cross referred among One Stop partners. Staff participate in OS Partner meetings. Funds are cost allocated to cover their share of costs in the OS Center.
Unemployment Insurance (UI)	All Wagner-Peyser and WIOA Title I staff are trained to give basic UI information to customers and help with UI claims. There are dedicated phone lines in the OS Center for customers who need additional assistance. Funds are awarded to CSBD by DEO and cost allocated to cover their share of costs in the OS Center.
Supplemental Nutrition Assistance Program (SNAP) Employment and Training Services	All One Stop partners have a direct link to SNAP services through the referral process. There are specific staff assigned to provide SNAP case management. Funds are awarded to CSBD by DEO and cost allocated to cover the SNAP share of costs in the OS Center.
Second Chance Act	This program is administered by OIC of South Florida and they participate through technology and assigns a specific case manager to work on referrals and cross referrals. All One Stop partners can link to Second Chance services through the referral and cross referral process. Second Chance staff participate in OS Partner meetings.

4. The One Stop partners worked diligently to map services provided to job-seekers and business customers in the CSBD workforce development area. The chart above details how each OS Partner provides services through the OS Delivery System.
5. CSBD has three infrastructure options:
 1. Co-location using a “mall approach”,
 2. a technology approach, and
 3. cost allocation for all OS Partner funds administered by CSBD.
 - i. The Mall Approach - Using a mall approach for the One Stop partners

who co-locate at an OS Center provides infrastructure support through a type of lease arrangement. Each OS Partner is responsible for taking care of their own needs within their space. These One Stop partners budget at the beginning of the year for the space they occupy. They commit to that space regardless of whether their funds are reduced or staffing decreases or increases, the dedicated space stays the same for the duration of the year as it would in a mall lease. The lease charge is stable for the year. The OS Partner is responsible for all costs related to their space.

- ii. The Technology Approach - The technology approach is also impervious to funding increases and decreases. It is a minimal cost so the One Stop partners don't have to struggle with budget concerns. These One Stop partners commit to maintaining a page or partial page on the CSBD website
 - iii. The Cost Allocation Approach – Cost allocation is not an agreed to method. It is required for all OS Partner grant funds awarded by DEO to CSBD and the other local boards. If awarded discretionary grants, CSBD allocates a portion of the costs to support the OS infrastructure and operations.
6. One Stop partners not co-located, regardless of funding, agree to assign a position to be the main contact for inquiries regarding OS Partner programs and for a “warm hand off” of a participant through referral. Technology connections include the phone, Zoom or similar technology allows for intakes and assessment to occur concurrently for more than one program and may take place in the OS Center regardless of the OS Partner's location.
7. One Stop partners commit to a position, not a person, so personnel changes have little impact on the referral of participants among the One Stop Partners.
- f. A detailed WIOA services matrix has been created for the OS Center. The service matrix includes the One Stop partners along with current contact information for questions and referrals. Each OS Partner has also listed the services they provide.

VII. Data Sharing

- a. WIOA, federal, and state laws determine safeguards specific to the databases of the various OS Partner funding streams.
 - 1. Broward College agrees:
 - i. To share data in accordance with the State of Florida Shared Data Confidentiality Policy
 - ii. To share data and technology as appropriate in serving job-seekers. This may include obtaining signed releases to be able to share

information among the necessary One Stop partners to deliver needed services

- iii. To maintain the confidentiality of participants' information
- iv. To safeguard Personal Identifying Information (PII) used to track participants prior to sharing participant information
- v. To notify the appropriate OS Partner in the event of a breach

VIII. Procurement of the OSO

- a. CSBD followed the process established in 2 CFR Part 200.318-326, U.S. Department of Labor's Training and Employment Guidance Letter 35-10, and DEO guidance in procuring and selecting their OSO.
- b. The OSO was selected through a competitive process. The OSO communicates regularly with the One Stop partners to plan, address continuous improvement, monitor referrals and accessibility among the One Stop partners.
- c. One Stop partners agree that the OSO shall be responsible for:
 - 1. Coordinating required services delivery in the OS Center and ensuring that the services are being delivered to OS Center customers
 - 2. Serving as a liaison between the WIOA Title I staff and One Stop partners
 - 3. Reviewing the MOU annually to ensure it is up to date
 - 4. Monitoring One Stop partners' adherence to the terms of the MOU
 - 5. Facilitating and/or delivering training to ensure Broward College staff are aware of basic services offered by each of the One Stop partners
 - 6. Continuously work on improving the OS Delivery System by focusing the One Stop partners on coordination and integration of OS Partner services
 - 7. Ensuring CSBD Career Center services are market-driven and that labor market information is available and accessible
 - 8. Monitor One Stop partners referrals
 - 9. Convene biannual OS Partner meetings, setting the agenda, recording minutes, and working with the One Stop partners on "next steps"
- d. The OSO may not:
 - 1. Participate in the development or submission of the local 4-year plan.

2. Be responsible for oversight of themselves.
3. Manage or participate in the OSO procurement process.
4. Select or terminate themselves or service providers.
5. Negotiate local performance.
6. Develop the CSBD budget.

IX. Administration and Operations Management

- a. CSBD provides oversight over the procured OSO by:
 1. Attending partner meetings and participating in partner activities
 2. Reviewing quarterly reports provided by the OSO detailing the OSO activities which must include:
 - i. Coordination of OS Center required career services with the One Stop partners
 - ii. Educating all of the One Stop partners regarding universally available basic career services
 - iii. Monitoring service delivery to ensure services meet customer expectations
 - iv. Serving as liaison between the One Stop partners to ensure each OS Partner has an equal voice regarding effective ways to deliver OS workforce services
 - v. Facilitating OS Partner and Business Services staff joint meetings to plan and deliver joint partner recruitment and job fairs
 - vi. Coordination with other community organizations to participate in community events for outreach and to publicize available One Stop partners' workforce services

X. Shared Funding Process for Infrastructure Costs

- a. OS Operating Budget
 1. This is determined by a negotiation between the BWDB as represented by CSBD and the One Stop partners to determine how the costs and operating costs of the OS Center will be supported as expressed in the Infrastructure Funding Agreement (IFA), attached hereto as Exhibit A and incorporated herein as a part of this MOU in accordance with WIOA § 121(c)(1), 20 CFR 678.500(b)(2)(i), 34 CFR 361.500(b)(2)(i), and 34 CFR 463.500(b)(2)(i).
 2. All One Stop partners were a part of the discussions agreeing to the methodology presented. Individual one-on-one negotiations were conducted to finalize discussions and to iron out the details. CSBD has successfully negotiated to arrive at a cash contribution from each OS

Partner.

3. It is the belief of the BWDB that:
 - i. All One Stop partners must contribute cash to support the OS Center.
 - ii. People and organizations value what they pay for.
 - iii. A low-cost solution must be available to ensure every mandatory and non-mandatory approved OS Partner can participate.
4. CSBD has offered 2 options to the One Stop partners, 1) the mall approach and 2) the technological approach. CSBD cost allocates grant awards as appropriate to ensure grants bear their fair share.
 - i. CSBD fiscal staff determined the cost of maintaining the OS Center rent, utilities, common space, and related costs and arrived at a cost per square foot. Co-located One Stop partners were presented with the inclusive cost per square foot for the space that they occupy. All co-located One Stop partners pay for the square feet they occupy based on the calculation as determined by the CSBD fiscal staff. All formula grants, DEO allocations for co-located and managed partners, and discretionary grants, regardless of whether they are WIOA or another funding stream, are charged their fair share of the maintenance of the OS Center through cost allocation and funding decisions as determined by the CSBD President/CEO and Senior Vice President Fiscal Sr. VP Fiscal.
 - ii. CSBD uses a "Mall" approach for determining the costs attributable to co-located One Stop partners. Each co-located One Stop partner is responsible for covering their service delivery operating costs as if they were leasing space in a "Mall".
 - iii. CSBD Fiscal staff worked with CSBD IT staff to calculate the cost of a presence on the CSBD website, including utilities, maintenance, updates, and space and were able to establish an annual cost of \$215.49 per provider for a page on the CSBD website.
 - iv. All non-co-located One Stop partners are technologically connected as stated in the "One-Stop Operations Guidance for the American Job Center" ETA OWI 1/18/17, the One Stop partners "uses technology to achieve integration and expanded service offerings" and by "making available a direct linkage through technology to a program staff member who can provide meaningful information or services" pursuant to TEG 16 -16 20 CFR 678.305(d), 34 CFR 361.305(d), and 34 CFR 463.305(d).
 - v. **Exhibit B** is a matrix of all One Stop partners. One Stop partners technologically connected may connect to participants via telephone, ZOOM, TEAMS or GOTOMEETING applications which allow for face-to-face interface and joint case management and counseling sessions

as needed and appropriate. Generally, the initiating OS Partner uses their license to connect to the other OS Partner.

5. As described herein:
 - i. The technology approach is impervious to funding increases and decreases.
 - ii. CSBD is able to offer a minimal cost solution - One Stop partners don't have to struggle with budget concerns as budgets increase and decrease.
 - iii. One Stop partners commit to a page and the cost of its maintenance on the CSBD website.
 - iv. One Stop partners not co-located, regardless of funding, assign a position to be the main contact for inquiries regarding OS Partner programs and for a "warm hand off" of a participant through referral. Technology connections also include the phone for quick contacts and offer Zoom or similar technology for face-to-face intakes and assessment.
 - v. One Stop partners commit to indicate a position and/or a staff person as the designated contact, so personnel changes have little or no impact on the referral of participants among One Stop partners.
 - vi. Cost is stable.
6. Other Contributors - At this time only mandatory partners are participating in the OS Delivery System.

b. Funding of Services and Operating Costs/Infrastructure Funding Agreement

1. Per 20 CFR 678.700-755 and 678.760; 34 CFR 361.700-755 and 361.760; and 34 CFR 463.700-755 and 463.760, One Stop partners must contribute to the infrastructure costs and operating costs of the OS Center based on their proportionate use. One Stop partners' contributions must be an allowable expenditure. One Stop partners' program guidelines as well as under 2 CFR 200 et al, the One Stop partners developed options that allowed each agency to meet their WIOA obligation while complying with their program requirements.
2. By the authority vested in the signatory for each OS Partner, the OS Partner agrees to the methodology for infrastructure funding as described herein.

XI. Conflict Resolution

- a. Broward College has agreed to the conflict resolution process described herein for disputes arising out of this agreement as follows:
 1. In the event of a dispute, Broward College will first negotiate in good faith with CSBD to identify possible solutions to resolve the dispute. The parties

agree to try to resolve disputes at the lowest level, starting with the site supervisor(s) and staff. If issues cannot be resolved at this level, they shall be referred to the management staff of the respective partner and the operator, for discussion and resolution

2. If the dispute cannot be resolved the matter will be forwarded to DEO as the Governor's representative, for assistance.
- b. When providing services through the OS Delivery System, Broward College will ensure enforcement of non-discrimination and equal opportunity policies. If a violation occurs, the proper chain of command will be followed, and the staff member's employer of record will be called upon to help resolve any issue.

XII. The OS System Referral Process

- a. In accordance with WIOA, the One Stop partners have agreed on how referrals and cross referrals will be accomplished between Broward College and the One Stop Partners.
1. The vision of the One Stop partners as expressed through this MOU is to utilize a referral process which will:
 - i. Provide customers with seamless access to services across all programs
 - ii. Provide job-seekers and employers with the information they need to be successful
 2. Access to Services: To accomplish the vision, the One Stop partners agree to include in their assessment process consideration of services available through each of the One Stop partners including universal or basic career services available to the general public.
 3. As described above, the OS Center provides access to the programs and services of all the required One Stop partners. This is accomplished by the following steps:
 - i. Customers are guided to the job search tools of the resource center.
 - ii. Employment service or WIOA staff provide general assistance or identify the appropriate OS Partner service.
 - iii. Individuals needing referral are then guided to access the appropriate OS Partner program by being directed to a co-located OS Partner or being assisted to immediately connect to a non-collocated OS Partner through technology via phone and /or a web-based video conferencing platform such as Zoom for an initial assessment. The OS Centers also provide direct linkage via email to OS Partner program staff.
 - iv. In accordance with the agreed upon OSO's responsibility, OSO program staff are trained sufficiently to familiarize them with all services

available through all the One Stop partners. This ensures the staff have the competency and skills necessary to assist participants when applying for program benefits or services.

- v. All required OS Partner program staff, in accordance with training facilitated by the OSO, shall be sufficiently knowledgeable about the other OS Partner programs and services to screen an applicant to determine appropriate referrals.
 - vi. To the extent possible, referring staff shall directly contact the recipient of the referral to facilitate seamless delivery of services and shall inform the customer regarding what to expect as a result of the referral to ensure a "warm handoff."
- b. A special referral process has been agreed to by the One Stop partners for Unemployment Insurance (UI). In accordance with WIOA, UI claimants must be provided with "meaningful" assistance when filing UI claims. This is critical to the One Stop partners as well, as often they are also assisting the unemployed.
- 1. All OS Center staff receive training sufficient to familiarize them with the online claims filing system. Staff must be able to explain claimants' rights and responsibilities so they can understand the UI publications and correspondence.
 - 2. OS Partner customers coming in or referred to the OS Center for UI meaningful assistance receive:
 - i. OS Center on-site assistance from resource room staff trained in filing UI claims.
 - ii. Phone or other technology provided assistance, as long as the assistance is by trained and available staff.
 - iii. Access to a priority phonenumber for claimants to speak directly with UI staff with little to no wait.
 - iv. An electronic feedback system which staff can access to refer potential UI eligibility issues to the UI staff for investigation.
 - 3. Other UI assistance beyond filing assistance is provided by state UI staff.
 - 4. The One Stop partners agree to the following definition of meaningful services. It is the provision of the contact information necessary for onsite and technologically connected One Stop partners to consult with customers. It is the delivery of initial assessment simultaneous with the customers' visit to the CSBD Career Center. It is the scheduling of an appointment for the customer. The referral form also provides for a release so that information can be exchanged among the One Stop partners.

- c. Customer referrals shall be made using the electronic referral form in the OS Partner portal, "Crosswalk".
 - 1. Broward College agrees that appointments will be set within three working days of receiving a referral, and the participant will be contacted two days prior to their appointment to confirm the appointment. Participants shall be informed regarding documents they need to bring to their appointment.

All referrals must include the following information:

Date of Referral
Name of Referring (OS Partner) Organization
Referring OS Partner Contact Staff Person
Contact Person Phone and Email
Name of Organization (OS Partner) Receiving the Referral
Referring OS Partner Contact Staff Person
Contact Person Phone and Email
Name of Customer being referred
Customer's Address, Phone number, and Email
Reason for the Referral
Confirmation of receipt from the Recipient Agency

- 2. Feedback and Follow-Up: When a referral is made, customer feedback shall be solicited through a sampling of follow-up calls to be initiated by the OSO to discuss the services provided and next steps.
- 3. All One Stop partners agree to make case note referrals as appropriate in their respective data management systems, and notice of the referral shall be emailed to the case managers' supervisors. Supervisors shall maintain a master list of referrals on a monthly basis. The OSO shall work with the One Stop partners to track and report on referrals.
- 4. Shared information shall adhere to the customer disclosure form and be in accordance with the customer's agreement. Encrypted email shall be used for sensitive information.

XIII. Accessibility

- a. All One Stop partners agree to conduct their activities in a discrimination free environment that promotes employment opportunities to all job-seekers, in accordance with WIOA Section 188.

4. All non-discrimination, equal opportunity, and ADA accommodations posters are displayed so they are visible to customers and staff. Staff are trained to assist customers with their accessibility needs. The South Comprehensive OS Center has been updated for physical accessibility. There are designated handicapped parking spots near the building.
5. The Comprehensive OS Center is located within walking distance of public transportation and other workforce development and social service offices. The OS Center is accessible by car, bike, or public transportation.

e. **Programmatic Accessibility:** Broward College is aware that the OS Center provides a welcoming environment to all customers entering the OS Delivery System. Accessibility is available to customers and to One Stop partners.

1. OS Partner staff have been trained how to use the technology in the OS Centers.

4. The One-Stop Partners worked diligently to map services provided to job-seekers and business customers in the CSBD workforce development area. The chart *above* details how each partner provides services through the CSBD OS Career Center System.

5. CSBD has 3 infrastructure options at this time: Co-location using a "mall approach", a technology approach and cost allocation for all partner funds administered by CSBD. These methods were agreed to and selected for the reasons below:
 - i. The Mall Approach - Using a mall approach for those partners who co-locate is a type of lease arrangement. Each entity is responsible for taking care of their entity's needs within their space. Organizations budget at the beginning of the year for the space. They commit to that space whether their funds are reduced or staffing decreases or increases, the dedicated space stays the same for the duration of the year as it would in a mall lease. The lease charge is stable for the year. The OS Partner is responsible for all costs related to their space.
 - ii. The Technology Approach - The technology approach is also impervious to funding increases and decreases. It is a minimum cost so partners don't have to struggle with budget concerns Entities commit to a page or partial page and maintenance on the CSBD website
 - iii. Cost allocation is not an agreed to method. It is the required method for all partner grant funds awarded by DEO to CSBD and the other local boards. If awarded discretionary grants CSBD allocates a portion of the costs to support the OS infrastructure and operations.
6. OS partners not co-located, regardless of funding agree to assign a position to be the main contact for inquiries regarding partner programs and for a "warm hand off" of a participant through referral. Technology connections also includes the phone, Zoom or similar technology allows for intakes and assessment to occur concurrently for more than one program and may take place in the OS regardless of the OS partner's location.
7. OS partners commit to a position and a person so personnel changes have little impact on the referral of participants among partners.
- f. A detailed WIOA services matrix has been created for the CSBD OS Career Center. The service matrix includes the OS partners along with current contact information for questions and referrals. Each OS Partner has also listed the services they provide.

VII. Data Sharing

- a. WIOA, federal, and state laws determine safeguards specific to the databases of the various OS partner funding streams.
 1. The OS Partners agree:
 - i. To share data in accordance with the State of Florida Shared Data

Confidentiality Policy

- ii. To share data and technology as appropriate in serving job seekers. This may include obtaining signed releases to be able to share information among the necessary OS Partners to deliver needed services.
- iii. To maintain the confidentiality of participants' information
- iv. To safeguard Personal Identifying Information (PII) used to track participants prior to sharing participant information
- v. To notify the appropriate OS partner in the event of a breach.

VIII. Procurement of the OSO

- a. CSBD followed the process established in 2 CFR Part 200.318-326, U.S. Department of Labor's Training and Employment Guidance Letter 35-10, and DEO guidance in procuring and selecting their OSO.
- b. The OSO was selected through a competitive process. The OSO meets regularly with the partners to plan, address continuous improvement, monitor referrals and accessibility among the partners.
- c. The OS Partners agree that the OSO shall be responsible for:
 - 1. Coordinating required services delivery in the OS Career Center and ensuring that the services are being delivered to Center customers.
 - 2. Serving as a liaison between the WIOA Title I staff and the OS Partners.
 - 3. Reviewing the MOU annually to assure it is up to date
 - 4. Monitoring OS Partners adherence to the MOU.
 - 5. Facilitating and/or delivering training to assure the OS Partners are aware of basic services offered by each of the OS Partners
 - 6. Continuously work on improving the workforce development system by focusing the OS partners on coordination and integration of OS Partner services.
 - 7. Assuring CSBD Career Center services are market-driven and that the labor market information is available and accessible
 - 8. Monitor OS Partners' referrals

9. Convene biannual OS System partner meetings, setting the agenda with the partners, recording minutes, and working with the partners on "next steps."
- d. The OSO may not:
1. Participate in the development or submission of the local 4 year plan
 2. Be responsible for oversight of themselves
 3. Manage or participate in the one-stop operator procurement process
 4. Select or terminate themselves or service providers.
 5. Negotiate local performance
 6. Develop the CSBD budget

IX. Administration and Operations Management

- a. CSBD provides oversight over the procured OSO by:
1. Attending partner meetings and participating in partner activities
 2. By reviewing quarterly reports provided by the OSO detailing the OSO activities which must include:
 - i. Coordination of OS Center required career services with the OS partners
 - ii. Educating all the OS partners regarding universally available basic career services
 - iii. Monitoring service delivery to assure services meet customer expectations.
 - iv. Serving as liaison between the OS partners to assure each OS partner has an equal voice regarding effective ways to deliver OS workforce services
 - v. Facilitating OS Partner and Business Services staff joint meetings to plan and deliver joint partner recruitment and job fairs
 - vi. Coordination with other community organizations to participate in community events for outreach and to publicize available one-stop partner available workforce services.

X. Shared Funding Process for Infrastructure Costs

- a. OS Operating Budget

1. This is determined by a negotiation between the BWDB as represented by CSBD and the OS partners to determine how the costs and operating costs of the CSBD Career Center will be supported as expressed in the Infrastructure Funding Agreement (IFA) which is a part of and incorporated into this One-Stop Partner MOU in accordance with WIOA § 121(c)(1), 20 CFR 678.500(b)(2)(i), 34 CFR 361.500(b)(2)(i), and 34 CFR 463.500(b)(2)(i).
2. All OS partners were a part of the discussions agreeing to the methodology presented. Individual one-on-one partner negotiations were conducted to finalize discussions and to iron out the details. CSBD has successfully negotiated to arrive at a cash contribution from each partner.
3. It is the belief of the BWDB that:
 - i. All partners must contribute cash to support the OS center.
 - ii. People and organizations value what they pay for
 - iii. A low-cost solution must be available to assure every mandatory and non-mandatory approved partner can participate.
4. CSBD has offered 2 options to the OS Partners, 1) the mall approach and 2) the technological approach. CSBD cost allocates grant awards as appropriate to assure grants bear their fair share.
 - i. CSBD fiscal staff determined the cost of maintaining the OS Center, rent, utilities, common space, and related costs and arrived at a cost per square foot. Co-located partners were presented with the inclusive cost per square foot for the space that they occupy. All co-located partners pay for the square feet they occupy based on the calculation as determined by the CSBD fiscal staff. All formula grants, DEO allocations for co-located and managed partners and discretionary grants regardless of whether they are WIOA or another funding stream are charged their fair share of the maintenance of the one-stop through cost allocation and funding decisions as determined by the CSBD President/CEO and Sr. VP Fiscal. See attachment 1 to the IFA depicting the cost allocation of the maintenance of the OS Center, not covered by co-located partners, and charged against each of the CSBD grants.
 - ii. CSBD used a "mall" approach for determining the costs attributable to co-located partners. Each co-located partner is responsible for covering their service delivery operating costs as if they were leasing space in a "Mall".

- iii. CSBD Fiscal staff worked with CSBD IT staff to calculate the cost of a presence on the CSBD website, including utilities, maintenance, updates, and space and were able to establish an annual cost of \$215.49 per provider for a page on the CSBD website.
 - iv. All non-collocated partners are technologically connected as stated in the "One-Stop Operations Guidance for the American Job Center" ETA OWi 1/18/17, the OS partners "uses technology to achieve integration and expanded service offerings" and by "making available a direct linkage through technology to a program staff member who can provide meaningful information or services" pursuant to TEGL 16 -16 20 CFR 678.305(d), 34 CFR 361.305(d), and 34 CFR 463.305(d).
 - v. **Exhibit A** is a matrix of all one-stop partner participant staff contacts by person/position, email, regular mail, and phone contact. One-stop partners technologically connected may connect to participants via telephone, ZOOM, TEAMS or GOTOMEETING applications which allow for face to face interface and joint case management and counseling sessions as needed and appropriate. Generally, the initiating partner uses their license to connect to the other partner.
5. As described herein:
- i. The technology approach is impervious to funding increases and decreases.
 - ii. CSBD is able to offer a minimal cost solution - partners don't have to struggle with budget concerns as budgets increase and decrease.
 - iii. OS Partners commit to a page and maintenance on the CSBD website
 - iv. OS Partners not co-located, regardless of funding assign a position to be the main contact for inquiries regarding partner programs and for a "warm hand off" of a participant through referral. Technology connections also include the phone for quick contacts and offers Zoom or similar technology for face to face intakes and assessment.
 - v. OS Partners commit to indicate a position and/or a staff person as the designated contact, so personnel changes have little or no impact on the referral of participants among partners.
 - vi. Cost is stable

6. Other Contributors - At this time we do not have any non-mandatory partners in the one stop.

b. Funding of Services and Operating Costs/Infrastructure Funding Agreement

1. Per 20 CFR 678.700-755 and 678.760; 34 CFR 361.700-755 and 361.760; and 34 CFR 463.700-755 and 463.760, WIOA legislative partners must contribute to the infrastructure costs and operating costs of the one-stop based on their proportionate use. Because OS Partners' contributions must be an allowable cost in accordance with each partner's program guidelines as well as 2 CFR 200 et al partners were enthusiastic with respect to the option they chose.
2. By the authority vested in the signatory for each OS Partner, the OS Partner agrees to the methodology for infrastructure funding as described herein.

XI. Conflict Resolution

- a. The OS Partners have agreed to the conflict resolution process described herein for disputes arising out of this agreement as follows:
 1. In the event of a dispute the partners will first negotiate in good faith to identify possible solutions to resolve the dispute.
 2. If the dispute cannot be resolved the matter will be forwarded to DEO as the Governor's representative, for assistance.

 - ii. Individuals needing referral are then guided to access the appropriate OS Partner program by being directed to a co-located partner or being assisted to immediately connect to a non-located partner through technology via phone and /or a "Zoom" type web-based connectivity for an initial assessment. CSBD also provides direct linkage via email to partner program staff.
 - iii. In accordance with the agreed upon OSO's responsibility, OSO Partner program staff are trained sufficient to familiarize them with all services available through all the OS Partners.  - v. To the extent possible referring staff shall directly contact the recipient of the referral to facilitate seamless delivery of services and shall inform the customer regarding what to expect as a result of the referral to assure a "warm handoff."
- b. A special referral process has been agreed to by the OS Partners for UI. In accordance with WIOA, UI claimants, must be provided with "meaningful" assistance when filing UI claims. This is critical to the OS Partners as well, as often they are also assisting the unemployed.
 1. All CSBD Career Center staff receive training sufficient to familiarize them with the online claims filing system. Staff must be able to explain claimants' rights and responsibilities so they can understand the UI publications and correspondence.
 2. One-stop partner customers coming in or referred to the one-stop for UI meaningful assistance receive:

- i. One-stop center on-site assistance from resource room staff trained in filing UI claims

4. The OS Partners agree to the following definition of meaningful services. It is the provision of the contact information necessary for onsite and technologically connected partners to consult with customers. It is the delivery of initial assessment simultaneous with the customers' visit to the CSBD Career Center. It is the scheduling of an appointment for the customer. The referral form also provides for a release so that information can be exchanged among the OS Partners.
- c. Customer referrals shall be made using the electronic referral form in the partner portal Crosswalk.
1. The OS Partners agree that appointments will be set within three working days of receiving a referral, and the participant will be contacted two days prior to their appointment to confirm the appointment. All referrals must include the following information:

2. Feedback and Follow-Up: When a referral is made, customer feedback shall be solicited through a sampling of follow-up calls to be initiated by the OSO to discuss the services provided and next steps.
3. All One-Stop Partners agree to case note referrals as appropriate into their respective data management systems and notice of the referral shall be emailed to the case managers' supervisors. Supervisors shall maintain a master list of referrals on a monthly basis. The OSO shall work with the partners to track and report on referrals.

OS Partner	Services to be provided through the OS Centers or via Technology Connection
Community Service Block Grant (CSBG)	One Stop partners link to CSBG services through the technology and referral process. CSBG staff participate in the OS Partner meetings. CSBG is managed by Broward County and often contributes to the CSBD Summer Program. The OS Center and CSBG connect through technology by assigning a specific case manager. Support services available are key for eligible WIOA Adults and Dislocated Worker participants after exit during follow-up
Trade Adjustment Assistance Act	Trade Adjustment Assistance Act (Trade Act) staff are co-located in OS Center and funded through an allocation from DEO. Their participants are co-enrolled in WIOA Title I Dislocated Worker programs. Like Dislocated Worker programs participants are referred and cross referred among One Stop partners. Staff participate in OS Partner meetings. Funds are cost allocated to cover their share of costs in the OS Center.
Unemployment Insurance (UI)	All Wagner-Peyser and WIOA Title I staff are trained to give basic UI information to customers and help with UI claims. There are dedicated phone lines in the OS Center for customers who need additional assistance. Funds are awarded to CSBD by DEO and cost allocated to cover their share of costs in the OS Center.
Supplemental Nutrition Assistance Program (SNAP) Employment and Training Services	All One Stop partners have a direct link to SNAP services through the referral process. There are specific staff assigned to provide SNAP case management. Funds are awarded to CSBD by DEO and cost allocated to cover the SNAP share of costs in the OS Center.

All One Stop partners can link to Second Chance services through the referral and cross referral process. Second Chance staff participate in OS Partner meetings.

4. The One Stop partners worked diligently to map services provided to job-seekers and business customers in the CSBD workforce development area. The chart above details how each OS Partner provides services through the OS Delivery System.
5. CSBD has three infrastructure options: 1. Co-location using a "mall approach", 2. a technology approach, and 3. cost allocation for all OS Partner funds administered by CSBD.
 - i. The Mall Approach - Using a mall approach for the One Stop partners who co-locate at an OS Center provides infrastructure support through a type of lease arrangement. Each OS Partner is responsible for taking care of their own needs within their space. These One Stop partners budget at the beginning of the year for the space they occupy. They commit to that space regardless of whether their funds are reduced or staffing decreases or increases, the dedicated space stays the same for the duration of the year as it would in a mall lease. The lease charge is stable for the year. The OS Partner is responsible for all costs related to their space.
 - ii. The Technology Approach - The technology approach is also impervious to funding increases and decreases. It is a minimal cost so the One Stop partners don't have to struggle with budget concerns. These One Stop partners commit to maintaining a page or partial page on the CSBD website
 - iii. The Cost Allocation Approach – Cost allocation is not an agreed to method. It is required for all OS Partner grant funds awarded by DEO to CSBD and the other local boards. If awarded discretionary grants, CSBD allocates a portion of the costs to support the OS infrastructure and operations.
6. One Stop partners not co-located, regardless of funding, agree to assign a position to be the main contact for inquiries regarding OS Partner programs and for a "warm hand off" of a participant through referral. Technology connections include the phone, Zoom or similar technology allows for intakes and assessment to occur concurrently for more than one program and may take place in the OS Center regardless of the OS Partner's location.
7. One Stop partners commit to a position, not a person, so personnel changes have little impact on the referral of participants among the One Stop Partners.

f A detailed WIOA services matrix has been created for the OS Center. The service matrix includes the One Stop partners along with current contact information for questions and referrals. Each OS Partner has also listed the services they provide.

VII. Data Sharing

- a. WIOA, federal, and state laws determine safeguards specific to the databases of the various OS Partner funding streams.
 1. OIC of South Florida agrees:

- i. To share data in accordance with the State of Florida Shared Data Confidentiality Policy
- ii. To share data and technology as appropriate in serving job-seekers. This may include obtaining signed releases to be able to share information among the necessary One Stop partners to deliver needed services
- iii. To maintain the confidentiality of participants' information
- iv. To safeguard Personal Identifying Information (PII) used to track participants prior to sharing participant information
- v. To notify the appropriate OS Partner in the event of a breach

VIII. Procurement of the OSO

- a. CSBD followed the process established in 2 CFR Part 200.318-326, U.S. Department of Labor's Training and Employment Guidance Letter 35-10, and DEO guidance in procuring and selecting their OSO.
- b. The OSO was selected through a competitive process. The OSO communicates regularly with the One Stop partners to plan, address continuous improvement, monitor referrals and accessibility among the One Stop partners.
- c. One Stop partners agree that the OSO shall be responsible for:
 1. Coordinating required services delivery in the OS Center and ensuring that the services are being delivered to OS Center customers
 2. Serving as a liaison between the WIOA Title I staff and One Stop partners
 3. Reviewing the MOU annually to ensure it is up to date
 4. Monitoring One Stop partners' adherence to the terms of the MOU
 5. Facilitating and/or delivering training to ensure OIC of South Florida staff is aware of basic services offered by each of the One Stop partners
 6. Continuously work on improving the OS Delivery System by focusing the One Stop partners on coordination and integration of OS Partner services
 7. Ensuring CSBD Career Center services are market-driven and that labor market information is available and accessible
 8. Monitor One Stop partners referrals
 9. Convene biannual OS Partner meetings, setting the agenda, recording minutes, and working with the One Stop partners on "next steps"

- d. The OSO may not:
 - 1. Participate in the development or submission of the local 4-year plan.
 - 2. Be responsible for oversight of themselves.
 - 3. Manage or participate in the OSO procurement process.
 - 4. Select or terminate themselves or service providers.
 - 5. Negotiate local performance.
 - 6. Develop the CSBD budget.

IX. Administration and Operations Management

- a. CSBD provides oversight over the procured OSO by:
 - 1. Attending partner meetings and participating in partner activities
 - 2. By reviewing quarterly reports provided by the OSO detailing the OSO activities which must include:
 - i. Coordination of OS Center required career services with the One Stop partners
 - ii. Educating all the One Stop partners regarding universally available basic career services
 - iii. Monitoring service delivery to ensure services meet customer expectations
 - iv. Serving as liaison between the One Stop partners to ensure each OS Partner has an equal voice regarding effective ways to deliver OS workforce services
 - v. Facilitating OS Partner and Business Services staff joint meetings to plan and deliver joint partner recruitment and job fairs
 - vi. Coordination with other community organizations to participate in community events for outreach and to publicize available One Stop partners' workforce services

X. Shared Funding Process for Infrastructure Costs

- a. OS Operating Budget
 - 1. This is determined by a negotiation between the BWDB as represented by CSBD and the One Stop partners to determine how the costs and operating costs of the OS Center will be supported as expressed in the Infrastructure Funding Agreement (IFA) which is a part of and incorporated into this MOU in accordance with WIOA § 121(c)(1), 20 CFR 678.500(b)(2)(i), 34 CFR 361.500(b)(2)(i), and 34 CFR 463.500(b)(2)(i)).
 - 2. All One Stop partners were a part of the discussions agreeing to the methodology presented. Individual one-on-one negotiations were conducted to finalize discussions and to iron out the details. CSBD has successfully negotiated to arrive at a cash contribution from each OS Partner.

3. It is the belief of the BWDB that:
 - i. All One Stop partners must contribute cash to support the OS Center.
 - ii. People and organizations value what they pay for.
 - iii. A low-cost solution must be available to ensure every mandatory and non-mandatory approved OS Partner can participate.
4. CSBD has offered 2 options to the One Stop partners, 1) the mall approach and 2) the technological approach. CSBD cost allocates grant awards as appropriate to ensure grants bear their fair share.
 - i. CSBD fiscal staff determined the cost of maintaining the OS Center rent, utilities, common space, and related costs and arrived at a cost per square foot. Co-located One Stop partners were presented with the inclusive cost per square foot for the space that they occupy. All co-located One Stop partners pay for the square feet they occupy based on the calculation as determined by the CSBD fiscal staff. All formula grants, DEO allocations for co-located and managed partners, and discretionary grants, regardless of whether they are WIOA or another funding stream, are charged their fair share of the maintenance of the OS Center through cost allocation and funding decisions as determined by the CSBD President/CEO and Senior Vice President Fiscal Sr. VP Fiscal.
 - ii. CSBD uses a "Mall" approach for determining the costs attributable to co-located One Stop partners. Each co-located One Stop partner is responsible for covering their service delivery operating costs as if they were leasing space in a "Mall".
 - iii. CSBD Fiscal staff worked with CSBD IT staff to calculate the cost of a presence on the CSBD website, including utilities, maintenance, updates, and space and were able to establish an annual cost of \$215.49 per provider for a page on the CSBD website.
 - iv. All non-co-located One Stop partners are technologically connected as stated in the "One-Stop Operations Guidance for the American Job Center" ETA OWI 1/18/17, the One Stop partners "uses technology to achieve integration and expanded service offerings" and by "making available a direct linkage through technology to a program staff member who can provide meaningful information or services" pursuant to TEGL 16 -16 20 CFR 678.305(d), 34 CFR 361.305(d), and 34 CFR 463.305(d).
 - v. **Exhibit 1** is a matrix of all One Stop partners participant staff contacts by person/position, email, regular mail, and phone contact. One Stop partners technologically connected may connect to participants via telephone, ZOOM, TEAMS or GOTOMEETING applications which allow for face-to-face interface and joint case management and counseling sessions as needed

and appropriate. Generally, the initiating OS Partner uses their license to connect to the other OS Partner.

5. As described herein:

- i. The technology approach is impervious to funding increases and decreases.
- ii. CSBD is able to offer a minimal cost solution - One Stop partners don't have to struggle with budget concerns as budgets increase and decrease.
- iii. One Stop partners commit to a page and the cost of its maintenance on the CSBD website.
- iv. One Stop partners not co-located, regardless of funding assign a position to be the main contact for inquiries regarding OS Partner programs and for a "warm hand off" of a participant through referral. Technology connections also include the phone for quick contacts and offers Zoom or similar technology for face-to-face intakes and assessment.
- v. One Stop partners commit to indicate a position and/or a staff person as the designated contact, so personnel changes have little or no impact on the referral of participants among One Stop partners.
- vi. Cost is stable.

6. Other Contributors - At this time only mandatory partners are participating in the OS Delivery System.

b. Funding of Services and Operating Costs/Infrastructure Funding Agreement

1. Per 20 CFR 678.700-755 and 678.760; 34 CFR 361.700-755 and 361.760; and 34 CFR 463.700-755 and 463.760, One Stop partners must contribute to the infrastructure costs and operating costs of the OS Center based on their proportionate use. Because One Stop partners contributions must be an allowable expenditure in accordance with each One Stop partner. One Stop partners' program guidelines as well as under 2 CFR 200 et al, the One Stop partners developed options that allowed each agency to meet their WIOA obligation while complying with their program requirements.
2. By the authority vested in the signatory for each OS Partner, the OS Partner agrees to the methodology for infrastructure funding as described herein.

XI. Conflict Resolution

- a. OIC of South Florida has agreed to the conflict resolution process described herein for disputes arising out of this agreement as follows:
 1. In the event of a dispute, OIC of South Florida will first negotiate in good faith to identify possible solutions to resolve the dispute.
 2. If the dispute cannot be resolved the matter will be forwarded to DEO as the

Governor's representative, for assistance.

- b. When providing services through the OS Delivery System, OIC of South Florida will ensure enforcement of non-discrimination and equal opportunity policies. If a violation occurs, the proper chain of command will be followed, and the staff member's employer of record will be called upon to help resolve any issue.

XII. The OS System Referral Process

- a. In accordance with WIOA, the One Stop partners have agreed on how referrals and cross referrals will be accomplished between the One Stop partners.
 1. The vision of the One Stop partners as expressed through this MOU is to utilize a referral process which will:
 - i. Provide customers with seamless access to services across all programs
 - ii. Provide job-seekers and employers with the information they need to be successful
 2. Access to Services: To accomplish the vision, the One Stop partners agree to include in their assessment process consideration of services available through each of the One Stop partners including universal or basic career services available to the general public.
 3. As described above the OS Center provides access to the programs and services of all the required One Stop partners. This is accomplished by the following steps:
 - i. Customers are guided to the job search tools of the resource center.
 - ii. Employment service or WIOA staff provide general assistance or identify the appropriate OS Partner service.
 - iii. Individuals needing referral are then guided to access the appropriate OS Partner program by being directed to a co-located OS Partner or being assisted to immediately connect to a non-located OS Partner through technology via phone and /or a web-based video conferencing platform such as Zoom for an initial assessment. The OS Centers also provide direct linkage via email to OS Partner program staff.
 - iv. In accordance with the agreed upon OSO's responsibility, OSO program staff are trained sufficiently to familiarize them with all services available through all the One Stop partners. This ensures the staff have the competency and skills necessary to assist participants when applying for program benefits or services.
 - v. All required OS Partner program staff, in accordance with training facilitated by the OSO, shall be sufficiently knowledgeable about the other OS Partner programs and services to screen an applicant to determine appropriate referrals.
 - vi. To the extent possible referring staff shall directly contact the recipient of the

referral to facilitate seamless delivery of services and shall inform the customer regarding what to expect as a result of the referral to ensure a "warm handoff."

- b. A special referral process has been agreed to by the One Stop partners for Unemployment Insurance (UI). In accordance with WIOA, UI claimants, must be provided with "meaningful" assistance when filing UI claims. This is critical to the One Stop partners as well, as often they are also assisting the unemployed.
 - 1. All OS Center staff receive training sufficient to familiarize them with the online claims filing system. Staff must be able to explain claimants' rights and responsibilities so they can understand the UI publications and correspondence.
 - 2. OS Partner customers coming in or referred to the OS Center for UI meaningful assistance receive:
 - i. OS Center on-site assistance from resource room staff trained in filing UI claims.
 - ii. Phone or other technology provided assistance, as long as the assistance is by trained and available staff.
 - iii. Access to a priority phoneline for claimants to speak directly with UI staff with little to no wait.
 - iv. An electronic feedback system which staff can access to refer potential UI eligibility issues to the UI staff for investigation.
 - 3. Other UI assistance beyond filing assistance is provided by state UI staff.
 - 4. The One Stop partners agree to the following definition of meaningful services. It is the provision of the contact information necessary for onsite and technologically connected One Stop partners to consult with customers. It is the delivery of initial assessment simultaneous with the customers' visit to the CSBD Career Center. It is the scheduling of an appointment for the customer. The referral form also provides for a release so that information can be exchanged among the One Stop partners
- c. Customer referrals shall be made using the electronic referral form in the OS Partner portal, "Crosswalk".
 - 1. OIC of South Florida agrees that appointments will be set within three working days of receiving a referral, and the participant will be contacted two days prior to their appointment to confirm the appointment. Participants shall be informed regarding documents they need to bring to their appointment.

All referrals must include the following information:

Date of Referral
Name of Referring (OS Partner) Organization
Referring OS Partner Contact Staff Person

Contact Person Phone and Email
Name of Organization (OS Partner) Receiving the Referral
Referring OS Partner Contact Staff Person
Contact Person Phone and Email
Name of Customer being referred
Customer's Address, Phone number, and Email
Reason for the Referral
Confirmation of receipt from the Recipient Agency

2. Feedback and Follow-Up: When a referral is made, customer feedback shall be solicited through a sampling of follow-up calls to be initiated by the OSO to discuss the services provided and next steps.
3. All One Stop partners agree to case note referrals as appropriate in their respective data management systems and notice of the referral shall be emailed to the case managers' supervisors. Supervisors shall maintain a master list of referrals on a monthly basis. The OSO shall work with the One Stop partners to track and report on referrals.
4. Shared information shall adhere to the customer disclosure form and be in accordance with the customer's agreement. Encrypted email shall be used for sensitive information.

Exhibit A

Infrastructure Funding Agreement (IFA)

The purpose of this Infrastructure Funding Agreement is to delineate each party's responsibilities for sharing of infrastructure and operating costs for the applicable one-stop center.

1. OIC of South Florida and CSBD recognize that infrastructure costs, in accordance with 20 CFR 678.500(b), 34 CFR 361.500(b) and 34 CFR 463.500(b) are applicable to all required partners, regardless of whether they are physically located in CSBD'S one-stop center. Pursuant to the United States Department of Labor's Training and Employment Guidance Letter No. 17- 16 (USDOL TEGL 17-16), each partner's contributions to the infrastructure costs, may vary, as these contributions are based on the proportionate use and relative benefit received, consistent with the partner programs' authorizing laws and regulations and the Uniform Guidance.
2. Infrastructure costs are defined as non-personnel costs that are necessary for the general operation of the south Broward one-stop center. Non-personnel costs are defined by USDOL TEGL 17-16 and includes, but are not limited to:
 - a. Rental of the facilities;
 - b. Utilities and maintenance;
 - c. Equipment, including assessment- related products and assistive technology for individuals with disabilities; and,
 - d. Technology to facilitate access to the one-stop center, including technology used for the center's planning and outreach activities.
3. OIC of South Florida has chosen to utilize technology to facilitate access to the one-stop center, including technology used for the center's planning and outreach activities (WIOA sec. 121(h)(4), 20 CFR 678.700(a), 34 CFR 361.700(a), and 34 CFR 463.700(a)). BROWARD COUNTY will provide all art, logos, and content to submit to CSBD for publication within the time provided by CSBD.
4. Upon the receipt of proper invoice(s) at least thirty (30) days prior to the payment due date as applicable or by the due dates below, OIC of South Florida will pay CSBD the total of Six Hundred Forty-six Dollars and 47/100 Cents (\$646.47) in three (3) separate payments of Two Hundred Fifteen Dollars and 49/100 Cents (\$215.49) for the following periods:
 - a. July 1, 2023 through June 30, 2024, payable by October 31, 2023.

5. The One-Stop Partners worked diligently to map services provided to jobseekers and business customers in the CSBD workforce development area. The chart above details how each partner provides services through the CSBD OS Career Center System.
6. CSBD has 3 infrastructure options at this time: Co-location using a “mall approach,” a technology approach, and cost allocation for all partner funds administered by CSBD. SBBC supports the infrastructure through the technology approach. The technology approach is impervious to funding increases and decreases. It is a minimum cost of \$215.49 annually. This pays for the presence of the SBBC OS representative and url on the CSBD website.
7. OS partners not co-located, regardless of funding agree to assign a position to be the main contact for inquiries regarding partner programs and for a “warm hand off” of a participant through referral. Technology connections also includes the phone, Zoom

or similar technology allows for intakes and assessment to occur concurrently for more than one program and may take place in the OS regardless of the OS partner's location.

8. SBBC commits to a position and a person and to informing CSBD when there are personnel changes so the website can be updated.
- e. A detailed WIOA services matrix has been created for the CSBD OS Career Center. The service matrix includes the OS partners along with current contact information for questions and referrals. Each OS Partner has also listed the services they provide.

VII. Data Sharing

- a. WIOA, federal, and state laws determine safeguards specific to the databases of the various OS partner funding streams. The SBBC and CSBD agree:
 - i. To maintain the confidentiality of participants' information.
 - ii. To safeguard Personal Identifying Information (PII) used to track participants.
 - iii. To notify the appropriate OS partner in the event of a breach.

VIII. Procurement of the OSO/History

CSBD followed the process established in 2 CFR Part 200.318-326, U.S. Department of Labor's Training and Employment Guidance Letter 35-10, and DEO guidance in procuring and selecting its OSO.

- a. In 2019 the BWDB and CSBD Council approved the issuance of a request for quotes (RFQ) for a one-stop operator.
- b. Three proposals were received and reviewed by CSBD staff for responsiveness. A Review Committee comprised of BWDB members reviewed the proposals, interviewed proposer representatives, rated and ranked the proposals and recommended Workforce Guidance Associates, LLC to the BWDB and CSBD Council.
- c. In 2022 the BWDB and CSBD Council approved the issuance of a new request for quotes (RFQ) for a one-stop operator.
- d. One proposal was received and reviewed by CSBD staff for responsiveness. A Review Committee comprised of BWDB members reviewed the proposals, interviewed proposer representatives, rated and ranked the proposals and recommended Workforce Guidance Associates, LLC to the BWDB and CSBD Council.
- e. The OSO was selected through a competitive process. The OSO meets regularly with the partners to plan, address continuous improvement, monitor referrals and accessibility among the partners and the labor force. The OS Partners agree that the OSO shall be responsible for:
 1. Coordinating required services delivery in the OS Career Center and ensuring that the services are being delivered to Center customers.

2. Serving as a liaison between the WIOA Title I staff and the OS Partners.
3. Reviewing the MOU annually to assure it is up to date.
4. Monitoring OS Partners adherence to the MOU.
5. Facilitating and/or delivering training to assure the OS Partners are aware of basic services offered by each of the OS Partners
6. Continuously working on improving the workforce development system by focusing the OS partners on coordination and integration of OS Partner services.
7. Assuring CSBD Career Center services are market-driven and that the labor market information is available and accessible.
8. Monitoring OS Partners' referrals.
9. Convening biannual OS System partner meetings, setting the agenda with the partners, recording minutes, and working with the partners on "next steps."

f. The OSO may not:

1. Participate in the development or submission of the local 4-year plan.
2. Be responsible for oversight of themselves.
3. Manage or participate in the one-stop operator procurement process.
4. Select or terminate themselves or service providers.
5. Negotiate local performance.
6. Develop the CSBD budget.

IX. Administration and Operations Management

a. CSBD provides oversight over the procured OSO by:

1. Attending partner meetings and participating in partner activities
2. By reviewing quarterly reports provided by the OSO detailing the OSO activities which must include:
 - i. Coordination of OS Center required career services with the OS partners.
 - ii. Educating all the OS partners regarding universally available basic career services
 - iii. Monitoring service delivery to assure services meet customer expectations.
 - iv. Serving as liaison between the OS partners to assure each OS partner has an equal voice regarding effective ways to deliver OS workforce services.
 - v. Facilitating OS Partner and Business Services staff joint meetings to plan and

deliver joint partner recruitment and job fairs.

- vi. Coordination with other community organizations to participate in community events for outreach and to publicize available one-stop partner available workforce services.

X. Shared Funding Process for Infrastructure Costs

a. OS Operating Budget

1. This is determined by a negotiation between the BWDB as represented by CSBD and the OS partners to determine how the costs and operating costs of the CSBD Career Center will be supported as expressed in the Infrastructure Funding Agreement (IFA) (Exhibit 3) which is a part of and incorporated into this One-Stop Partner MOU in accordance with WIOA § 121(c)(1), 20 CFR 678.500(b)(2)(i), 34 CFR 361.500(b)(2)(i), and 34 CFR 463.500(b)(2)(i).
2. All OS partners were a part of the discussions agreeing to the methodology presented. Individual one-on-one partner negotiations were conducted to finalize discussions and to iron out the details. CSBD has successfully negotiated to arrive at a cash contribution from each partner.
3. It is the belief of the BWDB that:
 - i. All partners must contribute cash to support the OS center.
 - ii. People and organizations value what they pay for.
 - iii. A low-cost solution must be available to assure every mandatory and non-mandatory approved partner can participate.
4. CSBD has offered 2 options to the OS Partners, 1) the mall approach and 2) the technological approach. CSBD cost allocates grant awards as appropriate to assure grants bear their fair share.
 - i. CSBD fiscal staff determined the cost of maintaining the OS Center, rent, utilities, common space, and related costs and arrived at a cost per square foot. Co-located partners were presented with the inclusive cost per square foot for the space that they occupy. All co-located partners pay for the square feet they occupy based on the calculation as determined by the CSBD fiscal staff. All formula grants, DEO allocations for co-located and managed partners and discretionary grants regardless of whether they are WIOA, or another funding stream are charged their fair share of the maintenance of the one-stop through cost allocation and funding decisions as determined by the CSBD President/CEO and Sr. VP Fiscal. See attachment 1 to the IFA depicting the cost allocation of the maintenance of the OS Center, not covered by co-located partners, and charged against each of the CSBD grants.
 - ii. CSBD used a "mall" approach for determining the costs attributable to co-located partners. Each co-located partner is responsible for covering their

service delivery operating costs as if they were leasing space in a "Mall".

- iii. CSBD Fiscal staff worked with CSBD IT staff to calculate the cost of a presence on the CSBD website, including utilities, maintenance, updates, and space and were able to establish an annual cost of \$215.49 per provider for a page on the CSBD website.
- iv. All OS Partners can link to Title V services through the referral and cross referral process. Title V staff participate in OS Partner meetings.

OS Partner Program	Services to be provided through the OS Centers or via Technology Connection
Veterans Employment and Training	Veterans Representatives are co-located at all OS Centers. Veterans Representatives see customers on a walk-in and by appointment basis. Veterans' staff participate in the referral and cross referral process. They also participate in OS Partner meetings. CSBD is allocated funds by DEO to guide and manage the staff. Their participation in the funding of the infrastructure and operation of the OS Delivery System is done through cost allocation of the DEO allocation to CSBD.
Community Services Block Grant (CSBG)	OS Partners link to CSBG services through the technology and referral process. CSBG staff participate in the OS Partner meetings. CSBG is managed by Broward County and often contributes to the CSBD Summer Program. The OS Center and CSBG connect through technology by assigning a specific case manager. All OS Partners can link to Second Chance services through the referral and cross referral process. Second Chance staff participate in OS Partner meetings.

4. CSBD has three infrastructure options: 1. Co-location using a “mall approach”, 2. a technology approach, and 3. cost allocation for all OS Partner funds administered by CSBD.
 - i. The Mall Approach - Using a mall approach for the OS Partners who co-locate at an OS Center provides infrastructure support through a type of lease arrangement. Each OS Partner is responsible for taking care of their own needs within their space. these OS Partners budget at the beginning of the year for the space they occupy. They commit to that space regardless of whether their funds are reduced or staffing decreases or increases, the dedicated space stays the same for the duration of the year as it would in a mall lease. The lease charge is stable for the year. The OS Partner is responsible for all costs related to their space.
 - ii. The Technology Approach - The technology approach is also impervious to funding increases and decreases. It is a minimal cost so the OS Partners don't have to struggle with budget concerns. These OS Partners commit to maintaining a page or partial page on the CSBD website.
 - iii. The Cost Allocation Approach – Cost allocation is not an optional method. It is required for all OS Partner grant funds awarded by DEO to CSBD and

the other local boards. If awarded discretionary grants, CSBD allocates a portion of the costs to support the OS infrastructure and operations.

5. OS Partners not co-located, regardless of funding, agree to assign a position to be the main contact for inquiries regarding OS Partner programs and for a “warm hand off” of a customer through referral. Technology connections include the phone, Zoom or similar technology allowing for intakes and assessment to occur concurrently for more than one program and may take place in the OS Center regardless of the OS Partner’s location.
6. OS Partners commit to a position, not a person, so personnel changes have little impact on the referral of customers among the OS Partners.
- f. A detailed WIOA services matrix has been created for the OS Center. The service matrix includes the OS Partners and the services they provide and is attached as Exhibit B.

VII. Data Sharing

- a. WIOA, federal, and state laws determine safeguards specific to the databases of the various OS Partner funding streams.
 1. Broward County and CareerSource Broward agree:
 - i. To share data and technology as appropriate in serving job-seekers, including obtaining signed releases to be able to share information among the necessary OS Partners to deliver needed services;
 - ii. To maintain the confidentiality of customers’ information;
 - iii. To safeguard Personal Identifying Information (PII), as PII is defined under Florida Statutes Section 501.171, *et seq.*; and
 - iv. To notify the appropriate OS Partner in the event of a breach.

VIII. Procurement of the OSO

- a. CSBD followed the process established in 2 CFR Part 200.318-326, U.S. Department of Labor’s Training and Employment Guidance Letter 35-10, and DEO guidance in procuring and selecting their OSO.
- b. The OSO was selected through a competitive process. The OSO meets regularly with the OS Partners to plan, address continuous improvement, monitor referrals and accessibility among the OS Partners.
- c. The OS Partners agree that the OSO shall be responsible for:
 1. Coordinating required services delivery in the OS Center and ensuring that the services are being delivered to OS Center customers.

2. Serving as a liaison between the WIOA Title I staff and the OS Partners.
 3. Reviewing the MOU annually to ensure it is up to date.
 4. Monitoring OS Partners adherence to the terms of the MOU.
 5. Facilitating and/or delivering training to ensure the OS Partners are aware of basic services offered by each of the OS Partners.
 6. Continuously working on improving the OS Delivery System by focusing the OS Partners on coordination and integration of OS Partner services.
 7. Ensuring CSBD Career Center services are market-driven and that labor market information is available and accessible.
 8. Monitoring OS Partners' referrals.
 9. Convening biannual OS Partner meetings, setting the agenda, recording minutes, and working with the OS Partners on future plans.
- d. The OSO may not:
1. Participate in the development or submission of the local 4-year plan.
 2. Be responsible for oversight of themselves.
 3. Manage or participate in the OSO procurement process.
 4. Select or terminate themselves or service providers.
 5. Negotiate local performance.
 6. Develop the CSBD budget.

IX. Administration and Operations Management

- a. CSBD provides oversight over the procured OSO by:
1. Attending partner meetings and participating in partner activities
 2. Reviewing quarterly reports provided by the OSO detailing the OSO activities which must include:
 - i. Coordination of OS Center required career services with the OS Partners.
 - ii. Educating all the OS Partners regarding universally available basic career services.
 - iii. Monitoring service delivery to ensure services meet customer expectations.
 - iv. Serving as liaison between the OS Partners to ensure each OS Partner has an equal voice regarding effective ways to deliver OS Partners' workforce services.
 - v. Facilitating OS Partner and Employer Services staff joint meetings to plan and deliver joint partner recruitment and job fairs.

- vi. Coordination with other community organizations to participate in community events for outreach and to publicize available OS Partners workforce services.

X. Shared Funding Process for Infrastructure Costs

a. OS Operating Budget

1. This is determined by a negotiation between the BWDB as represented by CSBD and the OS Partners to determine how the costs and operating costs of the OS Center will be supported as expressed in the IFA found at **Exhibit A**, which is a part of and incorporated into this MOU in accordance with WIOA § 121(c)(1), 20 CFR 678.500(b)(2)(i), 34 CFR 361.500(b)(2)(i), and 34 CFR 463.500(b)(2)(i).
2. All OS Partners were a part of the discussions agreeing to the methodology presented. Individual one-on-one negotiations were conducted to finalize discussions and to iron out the details. CSBD has successfully negotiated to arrive at a cash contribution from each OS Partner.
3. It is the belief of the BWDB that:
 - i. All OS Partners must contribute cash to support the OS Center.
 - ii. People and organizations value what they pay for.
 - iii. A low-cost solution must be available to ensure every mandatory and non-mandatory approved OS Partner can participate.
4. CSBD has offered 2 options to the OS Partners, 1) the mall approach and 2) the technological approach. CSBD cost allocates grant awards as appropriate to ensure grants bear their fair share.
 - i. CSBD fiscal staff determined the cost of maintaining the OS Center rent, utilities, common space, and related costs and arrived at a cost per square foot. Co-located OS Partners were presented with the inclusive cost per square foot for the space that they occupy. All co-located OS Partners pay for the square feet they occupy based on the calculation as determined by the CSBD fiscal staff. All formula grants, DEO allocations for co-located and managed partners, and discretionary grants, regardless of whether they are WIOA or another funding stream, are charged their fair share of the maintenance of the OS Center through cost allocation and funding decisions as determined by the CSBD President/CEO and Senior Vice President Fiscal Sr. VP Fiscal.
 - ii. CSBD uses a "Mall" approach for determining the costs attributable to co-located OS Partners. Each co-located OS Partners is responsible for covering their service delivery operating costs as if they were leasing space in a "Mall".

- iii. CSBD Fiscal staff worked with CSBD Information Technology staff to calculate the cost of a presence on the CSBD website, including utilities, maintenance, updates, and space and were able to establish an annual cost of \$215.49 per provider for a page on the CSBD website.
- iv. All non-co-located OS Partners are technologically connected as stated in the "One-Stop Operations Guidance for the American Job Center Network" from the U.S. Department of Labor, Employment & Training Administration, Office of Workforce Investment on 1/18/17, the OS Partners "uses technology to achieve integration and expanded service offerings" and by "making available a direct linkage through technology to a program staff member who can provide meaningful information or services" pursuant to Training and Employment Guidance Letter (TEGL) 16 -16, 20 CFR 678.305(d), 34 CFR 361.305(d), and 34 CFR 463.305(d).
- v. OS Partners technologically connected may connect to customers via telephone, ZOOM, TEAMS or GOTOMEETING applications which allow for face-to-face interface and joint case management and counseling sessions as needed and appropriate. Generally, the initiating OS Partner uses their license to connect to the other OS Partner.

5. As described herein:

- i. The technology approach is impervious to funding increases and decreases.
- ii. CSBD is able to offer a minimal cost solution - OS Partners don't have to struggle with budget concerns as budgets increase and decrease.
- iii. OS Partners commit to a page and the cost of its maintenance on the CSBD website.
- iv. OS Partners not co-located, regardless of funding assign a position to be the main contact for inquiries regarding OS Partner programs and for a "warm hand off" of a customer through referral. Technology connections also include the phone for quick contacts and offers Zoom or similar technology for face-to-face intakes and assessment.
- v. OS Partners commit to indicate a position and/or a staff person as the designated contact, so personnel changes have little or no impact on the referral of customers among OS Partners.
- vi. Cost is stable.

6. Other Contributors - At this time only mandatory partners are participating in the OS Delivery System.

b. Funding of Services and Operating Costs/Infrastructure Funding Agreement

- 1. Per 20 CFR 678.700-755 and 678.760; 34 CFR 361.700-755 and 361.760; and 34 CFR 463.700-755 and 463.760, OS Partners must contribute to the

infrastructure costs and operating costs of the OS Center based on their proportionate use. Because OS Partners' contributions must be an allowable expenditure in accordance with each OS Partners' program guidelines as well as under 2 CFR 200 et al, the OS Partners developed options that allowed each agency to meet their WIOA obligation while complying with their program requirements.

2. By the authority vested in the signatory for County, the County agrees to the methodology for infrastructure funding as described in the IFA, Exhibit

XI. Grievance and Complaints

County and CSBD will utilize the grievance and complaint procedures applicable to nondiscrimination complaints as outlined in WIOA for mutual customers utilizing the OS Center.

XII. Dispute Resolution and Law, Jurisdiction, Venue, Waiver of Jury Trial

a. Dispute Resolution

The Parties will attempt to resolve disputes concerning implementation of this MOU at the lowest level, starting with the site supervisor(s) and staff. If issues cannot be resolved at this level, they will be referred to the management staff of the respective partner (such as the Director of the County's Family Success Administration Division) and the OSO selected by BWDB for discussion and resolution.

b. Law, Jurisdiction, Venue, Waiver of Jury Trial

This MOU will be interpreted and construed in accordance with and governed by the laws of the state of Florida. The exclusive venue for any lawsuit arising from, related to, or in connection with this MOU will be in the state courts of the Seventeenth Judicial Circuit in and for Broward County, Florida. If any claim arising from, relating to, or in connection with this MOU must be litigated in federal court, the exclusive venue for any such lawsuit will be in the United States District Court or United States Bankruptcy Court for the Southern District of Florida. **BY ENTERING INTO THIS MOU, CSBD AND COUNTY HEREBY EXPRESSLY WAIVE ANY RIGHTS EITHER PARTY MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO THIS MOU.**

XIII. The OS System Referral Process

- a. In accordance with WIOA, the OS Partners have agreed on how referrals and cross referrals will be accomplished between the OS Partners.

1. The vision of the OS Partners as expressed through this MOU is to utilize a

referral process which will:

- i. Provide customers with seamless access to services across all programs.
 - ii. Provide job-seekers and employers with the information they need to be successful.
2. Access to Services: To accomplish the vision the OS Partners agree to include in their assessment process consideration of services available through each of the OS Partners including universal or basic career services available to the general public.
3. As described above the OS Center provides access to the programs and services of all the required OS Partners. This is accomplished by the following steps:
 - i. Customers are guided to the job search tools of the OS resource center.
 - ii. Employment service or WIOA staff provide general assistance or identify the appropriate OS Partner service.
 - iii. Individuals needing referral are then guided to access the appropriate OS Partner program by being directed to a co-located OS Partner or being assisted to immediately connect to an appropriate OS Partner through technology via phone and /or a web-based video conferencing platform such as Zoom for an initial assessment. The OS Centers also provide direct linkage via email to OS Partner program staff.
 - iv. In accordance with the agreed upon OSO's responsibility, OSO program staff are trained sufficiently to familiarize them with all services available through all the OS Partners. This ensures the staff have the competency and skills necessary to assist customers when applying for program benefits or services.
 - v. All required OS Partner program staff, in accordance with training facilitated by the OSO, shall be sufficiently knowledgeable about the other OS Partner programs and services to screen an applicant to determine appropriate referrals.
 - vi. To the extent possible, referring OS partner staff shall directly contact the recipient of the referral to facilitate seamless delivery of services and shall inform the customer regarding what to expect as a result of the referral to ensure a "warm handoff."
- b. A special referral process has been agreed to by the OS Partners for Unemployment Insurance (UI). In accordance with WIOA, UI claimants must be provided with "meaningful" assistance when filing UI claims. This is critical to the OS Partners as well, as often they are also assisting the unemployed.
 1. All OS Center staff receive training sufficient to familiarize them with the

online claims filing system. Staff must be able to explain claimants' rights and responsibilities so they can understand the UI publications and correspondence.

2. County customers coming in or referred to the OS Center for UI meaningful assistance receive:
 - i. OS Center on-site assistance from resource room staff trained in filing UI claims.
 - ii. Phone or other technology provided assistance, as long as the assistance is by trained and available staff.
 - iii. Access to a priority phonenumber for claimants to speak directly with UI staff with little to no wait.
 - iv. An electronic feedback system which staff can access to refer potential UI eligibility issues to the UI staff for investigation.
 3. Other UI assistance beyond filing assistance is provided by state UI staff.
 4. The Parties agree to the following definition of meaningful services. It is the provision of the contact information necessary for onsite and technologically connected OS Partners to consult with customers. It is the delivery of initial assessment simultaneous with the customers' visit to the CSBD Career Center. It is the scheduling of an appointment for the customer. The referral form also provides for a release so that information can be exchanged among the OS Partners.
- c. Customer referrals shall be made using the electronic referral form in the OS Partner portal, "Crosswalk".
1. The Parties agree that appointments will be set within three business days of receiving a referral, and the customer will be contacted two days prior to their appointment to confirm the appointment. Customers shall be informed regarding documents they need to bring to their appointment.

All referrals must include the following information:

Date of Referral
Name of Referring (OS Partner) Organization
Referring OS Partner Contact Staff Person
Contact Person Phone and Email
Name of Organization (OS Partner) Receiving the Referral
Referring OS Partner Contact Staff Person

Contact Person Phone and Email
Name of Customer being referred
Customer's Address, Phone number, and Email
Reason for the Referral
Confirmation of receipt from the Recipient Agency

2. Feedback and Follow-Up: When a referral is made, customer feedback shall be solicited through a sampling of follow-up calls to be initiated by the OSO to discuss the services provided and next steps.
3. County agrees to note referrals as appropriate in their respective data management systems and notice of the referral shall be emailed to the case managers' supervisors. Supervisors shall maintain a master list of referrals on a monthly basis. The OSO shall work with the OS Partners to track and report on referrals.

XIV. Accessibility

- a. All OS Partners agree to conduct their activities in a discrimination free environment that promotes employment opportunities to all job-seekers, in accordance with WIOA Section 188.
- b. All customers shall have equal access to all OS Partner services provided through the OS Centers. The OS Partners agree to comply with the Americans with Disability Act of 1990 and its amendments (the ADA).

 4. All non-discrimination, equal opportunity, and ADA accommodations posters are displayed so they are visible to customers and staff. Staff are trained to assist customers with their accessibility needs. The South OS Center has been updated for physical accessibility. There are designated handicapped parking spots near the building.

5. The OS Center is located within walking distance of public transportation and other workforce development and social service offices. The OS Center is accessible by car, bike, or public transportation.
- e. Programmatic Accessibility: The OS Partners are aware that the OS Center provides a welcoming environment to all customers entering the OS Delivery System. Accessibility is available to customers and to OS Partners.
1. County staff has been trained how to use the technology in the OS Centers.
 2. OS Partners that need to access the OS Center tools for their customers can visit the OS Center or refer their customers in accordance with the referral mechanism provided for under this MOU. Accessibility is made available by offering the following tools:
 - i. Signage
Signage announces accommodations and special assistance available from auxiliary and auditory aids to assistive-technology and program materials in a variety of accessible formats. Customers are able to access these tools even if they do not disclose that they have a barrier.

Second Chance Act	This program is administered by OIC of South Florida and they participate through technology and assigns a specific case manager to work on referrals and cross referrals. All One Stop partners can link to Second Chance services through the referral and cross referral process. Second Chance staff participate in OS Partner meetings.

4. The One Stop partners worked diligently to map services provided to job-seekers and business customers in the CSBD workforce development area. The chart above details how each OS Partner provides services through the OS Delivery System.
5. CSBD has three infrastructure options:
 1. Co-location using a "mall approach",
 2. a technology approach, and
 3. cost allocation for all OS Partner funds administered by CSBD.
 - i. The Mall Approach - Using a mall approach for the One Stop partners who co-locate at an OS Center provides infrastructure support through a type of lease arrangement. Each OS Partner is responsible for taking care of their own needs within their space. These One Stop partners budget at the beginning of the year for the space they occupy. They commit to that space regardless of whether their funds are reduced or staffing decreases or increases, the dedicated space stays the same for the duration of the year as it would in a mall lease. The lease charge is stable for the year. The OS Partner is responsible for all costs related to their space.
 - ii. The Technology Approach - The technology approach is also impervious to funding increases and decreases. It is a minimal cost so the One Stop partners don't have to struggle with budget concerns. These One Stop partners commit to maintaining a page or partial page on the CSBD website
 - iii. The Cost Allocation Approach – Cost allocation is not an agreed to method. It is required for all OS Partner grant funds awarded by DEO to CSBD and the other local boards. If awarded discretionary grants, CSBD allocates a portion of the costs to support the OS infrastructure and operations.
6. One Stop partners not co-located, regardless of funding, agree to assign a position to be the main contact for inquiries regarding OS Partner programs and for a "warm hand off" of a participant through referral. Technology connections include the phone, Zoom or similar technology allows for intakes and assessment to occur concurrently for more than one program and may take place in the OS Center regardless of the OS Partner's location.
7. One Stop partners commit to a position, not a person, so personnel changes have little impact on the referral of participants among the One Stop Partners.
- f. A detailed WIOA services matrix has been created for the OS Center. The service matrix includes the One Stop partners along with current contact information for questions and referrals. Each OS Partner has also listed the services they provide.

VII. Data Sharing

- a. WIOA, federal, and state laws determine safeguards specific to the databases of the various OS Partner funding streams.
 1. Urban League of Palm Beach County agrees:

- i. To share data in accordance with the State of Florida Shared Data Confidentiality Policy
- ii. To share data and technology as appropriate in serving job-seekers. This may include obtaining signed releases to be able to share information among the necessary One Stop partners to deliver needed services
- iii. To maintain the confidentiality of participants' information
- iv. To safeguard Personal Identifying Information (PII) used to track participants prior to sharing participant information
- v. To notify the appropriate OS Partner in the event of a breach

VIII. Procurement of the OSO

- a. CSBD followed the process established in 2 CFR Part 200.318-326, U.S. Department of Labor's Training and Employment Guidance Letter 35-10, and DEO guidance in procuring and selecting their OSO.
- b. The OSO was selected through a competitive process. The OSO communicates regularly with the One Stop partners to plan, address continuous improvement, monitor referrals and accessibility among the One Stop partners.
- c. One Stop partners agree that the OSO shall be responsible for:
 - 1. Coordinating required services delivery in the OS Center and ensuring that the services are being delivered to OS Center customers
 - 2. Serving as a liaison between the WIOA Title I staff and One Stop partners
 - 3. Reviewing the MOU annually to ensure it is up to date
 - 4. Monitoring One Stop partners' adherence to the terms of the MOU
 - 5. Facilitating and/or delivering training to ensure Urban League of Palm Beach County staff is aware of basic services offered by each of the One Stop partners
 - 6. Continuously work on improving the OS Delivery System by focusing the One Stop partners on coordination and integration of OS Partner services
 - 7. Ensuring CSBD Career Center services are market-driven and that labor market information is available and accessible
 - 8. Monitor One Stop partners referrals
 - 9. Convene biannual OS Partner meetings, setting the agenda, recording minutes, and working with the One Stop partners on "next steps"

- d. The OSO may not:
 - 1. Participate in the development or submission of the local 4-year plan.
 - 2. Be responsible for oversight of themselves.
 - 3. Manage or participate in the OSO procurement process.
 - 4. Select or terminate themselves or service providers.
 - 5. Negotiate local performance.
 - 6. Develop the CSBD budget.

IX. Administration and Operations Management

- a. CSBD provides oversight over the procured OSO by:
 - 1. Attending partner meetings and participating in partner activities
 - 2. By reviewing quarterly reports provided by the OSO detailing the OSO activities which must include:
 - i. Coordination of OS Center required career services with the One Stop partners
 - ii. Educating all the One Stop partners regarding universally available basic career services
 - iii. Monitoring service delivery to ensure services meet customer expectations
 - iv. Serving as liaison between the One Stop partners to ensure each OS Partner has an equal voice regarding effective ways to deliver OS workforce services
 - v. Facilitating OS Partner and Business Services staff joint meetings to plan and deliver joint partner recruitment and job fairs
 - vi. Coordination with other community organizations to participate in community events for outreach and to publicize available One Stop partners' workforce services

X. Shared Funding Process for Infrastructure Costs

- a. OS Operating Budget
 - 1. This is determined by a negotiation between the BWDB as represented by CSBD and the One Stop partners to determine how the costs and operating costs of the OS Center will be supported as expressed in the Infrastructure Funding Agreement (IFA) which is a part of and incorporated into this MOU in accordance with WIOA § 121(c)(1), 20 CFR 678.500(b)(2)(i), 34 CFR 361.500(b)(2)(i), and 34 CFR 463.500(b)(2)(i)).
 - 2. All One Stop partners were a part of the discussions agreeing to the methodology presented. Individual one-on-one negotiations were conducted to finalize discussions and to iron out the details. CSBD has successfully negotiated to arrive at a cash contribution from each OS Partner.

3. It is the belief of the BWDB that:
 - i. All One Stop partners must contribute cash to support the OS Center.
 - ii. People and organizations value what they pay for.
 - iii. A low-cost solution must be available to ensure every mandatory and non-mandatory approved OS Partner can participate.
4. CSBD has offered 2 options to the One Stop partners, 1) the mall approach and 2) the technological approach. CSBD cost allocates grant awards as appropriate to ensure grants bear their fair share.
 - i. CSBD fiscal staff determined the cost of maintaining the OS Center rent, utilities, common space, and related costs and arrived at a cost per square foot. Co-located One Stop partners were presented with the inclusive cost per square foot for the space that they occupy. All co-located One Stop partners pay for the square feet they occupy based on the calculation as determined by the CSBD fiscal staff. All formula grants, DEO allocations for co-located and managed partners, and discretionary grants, regardless of whether they are WIOA or another funding stream, are charged their fair share of the maintenance of the OS Center through cost allocation and funding decisions as determined by the CSBD President/CEO and Senior Vice President Fiscal Sr. VP Fiscal.
 - ii. CSBD uses a "Mall" approach for determining the costs attributable to co-located One Stop partners. Each co-located One Stop partner is responsible for covering their service delivery operating costs as if they were leasing space in a "Mall".
 - iii. CSBD Fiscal staff worked with CSBD IT staff to calculate the cost of a presence on the CSBD website, including utilities, maintenance, updates, and space and were able to establish an annual cost of \$215.49 per provider for a page on the CSBD website.
 - iv. All non-co-located One Stop partners are technologically connected as stated in the "One-Stop Operations Guidance for the American Job Center" ETA OWI 1/18/17, the One Stop partners "uses technology to achieve integration and expanded service offerings" and by "making available a direct linkage through technology to a program staff member who can provide meaningful information or services" pursuant to TEGL 16 -16 20 CFR 678.305(d), 34 CFR 361.305(d), and 34 CFR 463.305(d).
 - v. **Exhibit 1** is a matrix of all One Stop partners participant staff contacts by person/position, email, regular mail, and phone contact. One Stop partners technologically connected may connect to participants via telephone, ZOOM, TEAMS or GOTOMEETING applications which allow for face-to-face interface and joint case management and counseling sessions as needed

and appropriate. Generally, the initiating OS Partner uses their license to connect to the other OS Partner.

5. As described herein:

- i. The technology approach is impervious to funding increases and decreases.
- ii. CSBD is able to offer a minimal cost solution - One Stop partners don't have to struggle with budget concerns as budgets increase and decrease.
- iii. One Stop partners commit to a page and the cost of its maintenance on the CSBD website.
- iv. One Stop partners not co-located, regardless of funding assign a position to be the main contact for inquiries regarding OS Partner programs and for a "warm hand off" of a participant through referral. Technology connections also include the phone for quick contacts and offers Zoom or similar technology for face-to-face intakes and assessment.
- v. One Stop partners commit to indicate a position and/or a staff person as the designated contact, so personnel changes have little or no impact on the referral of participants among One Stop partners.
- vi. Cost is stable.

6. Other Contributors - At this time only mandatory partners are participating in the OS Delivery System.

b. Funding of Services and Operating Costs/Infrastructure Funding Agreement

1. Per 20 CFR 678.700-755 and 678.760; 34 CFR 361.700-755 and 361.760; and 34 CFR 463.700-755 and 463.760, One Stop partners must contribute to the infrastructure costs and operating costs of the OS Center based on their proportionate use. Because One Stop partners contributions must be an allowable expenditure in accordance with each One Stop partner. One Stop partners' program guidelines as well as under 2 CFR 200 et al, the One Stop partners developed options that allowed each agency to meet their WIOA obligation while complying with their program requirements.
2. By the authority vested in the signatory for each OS Partner, the OS Partner agrees to the methodology for infrastructure funding as described herein.

XI. Conflict Resolution

- a. Urban League of Palm Beach County has agreed to the conflict resolution process described herein for disputes arising out of this agreement as follows:
 1. In the event of a dispute, Urban League of Palm Beach County will first negotiate in good faith to identify possible solutions to resolve the dispute.
 2. If the dispute cannot be resolved the matter will be forwarded to DEO as the

Governor's representative, for assistance.

- b. When providing services through the OS Delivery System, Urban League of Palm Beach County will ensure enforcement of non-discrimination and equal opportunity policies. If a violation occurs, the proper chain of command will be followed, and the staff member's employer of record will be called upon to help resolve any issue.

XII. The OS System Referral Process

- a. In accordance with WIOA, the One Stop partners have agreed on how referrals and cross referrals will be accomplished between the One Stop partners.
 - 1. The vision of the One Stop partners as expressed through this MOU is to utilize a referral process which will:
 - i. Provide customers with seamless access to services across all programs
 - ii. Provide job-seekers and employers with the information they need to be successful
 - 2. Access to Services: To accomplish the vision, the One Stop partners agree to include in their assessment process consideration of services available through each of the One Stop partners including universal or basic career services available to the general public.
 - 3. As described above the OS Center provides access to the programs and services of all the required One Stop partners. This is accomplished by the following steps:
 - i. Customers are guided to the job search tools of the resource center.
 - ii. Employment service or WIOA staff provide general assistance or identify the appropriate OS Partner service.
 - iii. Individuals needing referral are then guided to access the appropriate OS Partner program by being directed to a co-located OS Partner or being assisted to immediately connect to a non-collocated OS Partner through technology via phone and /or a web-based video conferencing platform such as Zoom for an initial assessment. The OS Centers also provide direct linkage via email to OS Partner program staff.
 - iv. In accordance with the agreed upon OSO's responsibility, OSO program staff are trained sufficiently to familiarize them with all services available through all the One Stop partners. This ensures the staff have the competency and skills necessary to assist participants when applying for program benefits or services.
 - v. All required OS Partner program staff, in accordance with training facilitated by the OSO, shall be sufficiently knowledgeable about the other OS Partner programs and services to screen an applicant to determine appropriate referrals.
 - vi. To the extent possible referring staff shall directly contact the recipient of the

referral to facilitate seamless delivery of services and shall inform the customer regarding what to expect as a result of the referral to ensure a “warm handoff.”

- b. A special referral process has been agreed to by the One Stop partners for Unemployment Insurance (UI). In accordance with WIOA, UI claimants, must be provided with “meaningful” assistance when filing UI claims. This is critical to the One Stop partners as well, as often they are also assisting the unemployed.
 - 1. All OS Center staff receive training sufficient to familiarize them with the online claims filing system. Staff must be able to explain claimants’ rights and responsibilities so they can understand the UI publications and correspondence.
 - 2. OS Partner customers coming in or referred to the OS Center for UI meaningful assistance receive:
 - i. OS Center on-site assistance from resource room staff trained in filing UI claims.
 - ii. Phone or other technology provided assistance, as long as the assistance is by trained and available staff.
 - iii. Access to a priority phonenumber for claimants to speak directly with UI staff with little to no wait.
 - iv. An electronic feedback system which staff can access to refer potential UI eligibility issues to the UI staff for investigation.
 - 3. Other UI assistance beyond filing assistance is provided by state UI staff.
 - 4. The One Stop partners agree to the following definition of meaningful services. It is the provision of the contact information necessary for onsite and technologically connected One Stop partners to consult with customers. It is the delivery of initial assessment simultaneous with the customers’ visit to the CSBD Career Center. It is the scheduling of an appointment for the customer. The referral form also provides for a release so that information can be exchanged among the One Stop partners
- c. Customer referrals shall be made using the electronic referral form in the OS Partner portal, “Crosswalk”.
 - 1. Urban League of Palm Beach County agrees that appointments will be set within three working days of receiving a referral, and the participant will be contacted two days prior to their appointment to confirm the appointment. Participants shall be informed regarding documents they need to bring to their appointment.

All referrals must include the following information:

Date of Referral
Name of Referring (OS Partner) Organization
Referring OS Partner Contact Staff Person

Contact Person Phone and Email
Name of Organization (OS Partner) Receiving the Referral
Referring OS Partner Contact Staff Person
Contact Person Phone and Email
Name of Customer being referred
Customer's Address, Phone number, and Email
Reason for the Referral
Confirmation of receipt from the Recipient Agency

2. Feedback and Follow-Up: When a referral is made, customer feedback shall be solicited through a sampling of follow-up calls to be initiated by the OSO to discuss the services provided and next steps.
3. All One Stop partners agree to case note referrals as appropriate in their respective data management systems and notice of the referral shall be emailed to the case managers' supervisors. Supervisors shall maintain a master list of referrals on a monthly basis. The OSO shall work with the One Stop partners to track and report on referrals.
4. Shared information shall adhere to the customer disclosure form and be in accordance with the customer's agreement. Encrypted email shall be used for sensitive information.

Exhibit A

Infrastructure Funding Agreement (IFA)

The purpose of this Infrastructure Funding Agreement is to delineate each party's responsibilities for sharing of infrastructure and operating costs for the applicable one-stop center.

1. THE URBAN LEAGUE OF PALM BEACH COUNTY and CSBD recognize that infrastructure costs, in accordance with 20 CFR 678.500(b), 34 CFR 361.500(b) and 34 CFR 463.500(b) are applicable to all required partners, regardless of whether they are physically located in CSBD'S one-stop center. Pursuant to the United States Department of Labor's Training and Employment Guidance Letter No. 17- 16 (USDOL TEGL 17-16), each partner's contributions to the infrastructure costs, may vary, as these contributions are based on the proportionate use and relative benefit received, consistent with the partner programs' authorizing laws and regulations and the Uniform Guidance.
2. Infrastructure costs are defined as non-personnel costs that are necessary for the general operation of the south Broward one-stop center. Non-personnel costs are defined by USDOL TEGL 17-16 and includes, but are not limited to:
 - a. Rental of the facilities;
 - b. Utilities and maintenance;

 - d. Technology to facilitate access to the one-stop center, including technology used for the center's planning and outreach activities.
3. THE URBAN LEAGUE OF PALM BEACH COUNTY has chosen to utilize technology to facilitate access to the one-stop center, including technology used for the center's planning and outreach activities (WIOA sec. 121(h)(4), 20 CFR 678.700(a), 34 CFR 361.700(a), and 34 CFR 463.700(a)). BROWARD COUNTY will provide all art, logos, and content to submit to CSBD for publication within the time provided by CSBD.
4. The Parties may mutually negotiate costs at the time of subsequent written amendments, subject to Section XVII, MODIFICATIONS.
6. In the event a consensus is not reached regarding infrastructure costs, this shall be reported to each partner's local governing entity, so that the governing entities can make an additional effort to reach agreement between the Parties. Should this effort fail the Parties will report their inability to reach consensus regarding the infrastructure costs to the Governor, who may invoke the State Funding Mechanism. In such instances, the Parties agree to abide by the Governor's determination.

By the signatures below, THE URBAN LEAGUE OF PALM BEACH COUNTY agrees to be responsible for the costs associated with their participation in the one-stop which shall be paid by October 31st of each year until such time as the costs are renegotiated at which time the MOU and or attached IFA will be amended.
