Attachment K

The following is a description of the process used by the local workforce development board to obtain input and comment by representatives of business and labor organizations for the development of the 2-Year Modification of its Local Plan, including its attached Regional Plan. This attachment includes any comments submitted during the public comment period that represent disagreement with the local plan.

In accordance with the WIOA regulations, which require local areas to establish a public comment process consistent with State direction, CareerSource Broward (CSBD) made its WIOA Local and Regional Workforce Plan available to the public on its website beginning on 9/22/2026, indicating that the Plan was open for public comment and the email address to submit comments. The public comment period will end on 10/21/2026.

Entities represented on the Broward Workforce Development Board (BWDB) and its committees, along with our Education and Industry Consortium, which include economic development, public and private education, veterans' groups, community-based organizations, chambers, entities representing the disabled, to name a few, provided continuous input used to inform the plan by appearing at committee and board meetings to share their thoughts and recommendations regarding the local workforce system.

CSBD also holds a strategic planning "retreat" for its Board and Council of Local Elected Officials to solicit ideas for the plan's 2-year modification. Our most recent planning day was held in April 2026. A curated list of guest speakers and invitees provided state and local input regarding the labor market and the economy in Broward County. Questions were formulated as a guide for the BWDB members and community leaders, which centered on how to make our services more accessible to employers and job seekers, and enhance the effectiveness of CSBD.

Per FloridaCommerce instructions, the below is the process that will be used by the BWDB to review and approve this local plan. Specifically:

- The Plan was posted on the CSBD website on 9/22, and the BWDB and local elected officials were noticed regarding its availability so that, along with the public, they could review the plan at their convenience.
- The public also had an opportunity to provide comments on the Plan on 9/30 at CSBD's Administrative Office from 3:00 p.m. to 4:30 p.m., as noticed on CSBD's website.
- The Plan was presented to the BWDB One-Stop Services Committee at a publicly noticed meeting on 9/29.
- The Plan was presented to the BWDB Executive Committee at a publicly noticed meeting on 10/13.
- The Plan was presented for approval to the combined CSBD Council of Elected Officials and BWDB at a publicly noticed meeting on 10/22.
