Server Colocation Facility Renewal

Consideration to approve the three-year term renewal for the hosting and housing of CSBD's primary server infrastructure at the offsite colocation facility Biznesshosting a.k.a Volico at the cost of \$1977.00 per month or \$71,172.00 over the three year period. Biznesshosting was the lowest of two quotes secured for this procurement and CSBD is satisfied with the hosting services provided by Biznesshosting. Because this is a single purchase over \$50,000 it is required to be approved by the CSBD governing boards.
