to ensure both job seekers and employers are engaged with our services, particularly in economically distressed communities.

EMPLOYER TESTIMONIES

"The partnership has been tremendous! CareerSource Broward has referred qualified candidates to apply with our agency. They are very supportive and are on top of their game. They always reach out to me when they have people looking for jobs in law enforcement who wish to continue to serve our country after being in the military."

Michael B. - Program Manager
U.S Customs & Border Protection

"I've posted ads in different places before, but we really didn't get any calls. No one has the capability that CareerSource Broward has. We're actually getting calls now, so I'm very impressed with how they work. It's going to help my company tremendously because CareerSource Broward makes hiring people so much simpler."

Genie V. - Director of HR
Americom

JOB SEEKER TESTIMONY

"CareerSource Broward assisted me with rebuilding my resume and expanded my job search. It worked and employers became interested in my qualifications and began calling me. They were in constant contact with me. After working with CareerSource Broward, I was offered a position and, just two weeks after being hired, I was promoted to assistant manager. CareerSource Broward is ESSENTIAL to Broward County. The staff is professional, caring, and, without them, this opportunity could have slipped away. I am truly thankful for their continued support."

GET THERE FASTER GRANT

CareerSource Broward was one of only eight workforce regions in the state to be awarded the Get There Faster Veterans Grant for \$1.155 million. CSBD is partnering with Henderson Behavioral Health, United Way of Broward County's MISSION UNITED and Broward County Veterans Services. The program increases employment services, occupational training and credentialing assistance to veterans and their spouses, including those that are homeless. If you are a veteran or spouse of a veteran, please e-mail gettherefaster@careersourcebroward.com for further information.

APPRENTICESHIP PROGRAMS

CareerSource Broward promoted apprenticeship programs as a viable and time-tested method for Broward employers to recruit and retain a skilled workforce. CSBD's effective 2021 campaign assisted the marine industry to develop Yacht Service Technicians and address an industry labor shortage in the county. The marine apprenticeship class beginning in January 2022 was completely full as a result of CSBD's marketing efforts, collaborating with the Marine Industries Association of South Florida (MIASF). The focus will expand further to additional industries in 2022. Using data gathered by CSBD's Hospitality Task Force, CSBD will introduce hospitality employers to our first-of-its-kind apprenticeship program for management positions in Broward County.

RISE HELPLINE

In addition to all of the virtual services we provide at no cost, CSBD offers the RISE Helpline for Broward County job seekers who have questions about how to create a resume, interview tips, job searching with LinkedIn or using the Employ Florida job board. The helpline is available Monday through Friday from 9 a.m. to 3 p.m. and can be accessed by calling **(954) 828-0229**.

WOMEN IN TECH SEMINAR

CareerSource Broward hosted its first-ever hybrid Women in Tech Seminar in December. This inspirational two-hour event emphasized the growing opportunities for women in the technology sector, and how utilizing CSBD's career training partnerships to upgrade transferable skills could allow for a career pivot. Prominent female South Florida CEOs, Leticia Latino from Neptuno USA, Corp and Nikki Cabus of South Florida Tech Hub, led the seminar. TEDx speaker CeCe Espeut added perspectives on changing one's life for the better through internal or external roadblocks. The 110 attendees also received information from CSBD's technology training providers from Broward Technical Colleges (Sheridan, Atlantic, and McFatter), Broward College, The Academy, and New Horizons Computer Learning Centers of South Florida. CSBD explained the financial assistance that students can receive through www.GetCash4School.com.
