## WELCOME TO CAREERSOURCE BROWARD WORLDS OF WORK.

### THIS EVENT IS FOR YOU!

Dear Students,

B.B. King, the famous musician, said “The beautiful thing about learning is that nobody can take it away from you.” We know it may seem early to start thinking about what to do after high school, but believe it or not, now is the time! In fact, everything you have done from the time you took your first step is leading up to who you can be as an adult.

CareerSource Broward, your workforce agency, and the Broward County Public Schools have brought a joint vision to life through the Worlds of Work (WOW) Career Exploration event. WOW will give you hands-on experiences in different occupations, or “worlds,” with great jobs and career paths in Broward County.

You’ll meet local employers who will introduce you to fantastic career opportunities through interactive experiences. This isn’t an ordinary career expo. You’ll have the chance to participate in virtual reality work experiences in various high-wage jobs, from robots to aircraft and healthcare simulations; career options will come alive. At the end of today, you will have gained knowledge that will instill you with the power to make informed choices about your future.

Keep your eyes, ears, and imagination open, exploring the different worlds. If you find yourself in unfamiliar worlds, then we’ve done our job well today. Be sure to investigate and familiarize yourselves with various job opportunities so you have time to prepare for them throughout your high school career. Most importantly, open your mind to the career possibilities right here in Broward County. Use this book as a resource guide for each of the “worlds” you visit, and make sure to ask plenty of questions and take in as much as possible.

We hope you embark on a journey of self-discovery that unlocks a treasure chest of exciting career possibilities. May your time here be the spark that propels you toward a fulfilling and rewarding future career.

Sincerely,

CAROL HYLTON  
*President & CEO*  
*CareerSource Broward*

# WELCOME

Dear Students,

As a fellow alumnus, of the Broward County Public School system, having graduated from Hollywood Hills High School, and having grown up to become the Mayor of the City of Hollywood, I want to tell you anything is possible. Dream big. Along with my duties as Mayor, I also serve as the Chair of the CareerSource Broward Council of Elected Officials. With that in mind I want to welcome you to the Worlds of Work Career Exploration Fair, a joint effort of CareerSource Broward, our local workforce agency and the Broward County Public Schools.

During the course of the next 3 – 4 years you will have the chance to learn about things we could only imagine when I was in high school, 3-D printers, artificial intelligence, computer programming, robots which vacuum and also perform surgeries, and cures for formerly incurable diseases. To plan for the future you need to know the options available. At the Worlds of Work we are showcasing career opportunities in nine different occupational clusters that will have jobs that are in demand and that will pay good salaries when you finish your education and are ready to join the labor force.

We hope you will both learn from and enjoy the Exhibits our network of employers have created to give you a taste of your choices. As Dr. Mae Jemison, the first female black astronaut said: “Never be limited by other people’s limited imaginations.”

Sincerely,

JOSH LEVY

*Mayor, City of Hollywood*

*Chair, CareerSource Broward*

*Council of Elected Officials*

Dear High School Students,

In my welcome at the beginning of the school year, I promised incredible education experiences, support to help you achieve academic success, and that we would schedule events that inspire.

Today, together with CareerSource Broward, our local workforce agency, and this year's School Board Community Partner of the Year, we hope to fulfill some of those expectations. As 9th and 10th graders, you are on the brink of moving to adulthood. We want to ensure you have the knowledge and means to succeed.

This event, our first-ever immersive Career Exploration Fair, Worlds of Work, is being made possible through the efforts of CareerSource Broward, whose staff recruited employers from nine different industry areas. The employers have brought the "tools of their trades" with them so you can experience how it would feel to be a first responder, a pilot, or a creator of artificial intelligence, to name a few of the worlds available to you.

As you navigate through the different career path exhibits, consider the courses you are taking and what foundational courses will help you take the career path of your choice. Then, work with your guidance teachers to ensure you get the best preparation possible for your future.

On behalf of our teachers, administrators, and staff welcome to the Worlds of Work!

Best Regards,

DR. PETER LICATA  
*Superintendent*  
*Broward County Public Schools*

# ABOUT

## 2024 WORLDS OF WORK PARTNERS

CareerSource Broward, in partnership with the Broward County School Board, is hosting the Worlds of Work (WOW) for high school students in 9th and 10th grades.

## 2024 WORLDS OF WORK INDUSTRIES

The inaugural CareerSource Broward Worlds of Work will focus on the following worlds:

### **AVIATION**

---

### **CONSTRUCTION, ENERGY AND UTILITY**

---

### **HEALTHCARE**

---

### **HOSPITALITY**

---

### **INFORMATION TECHNOLOGY**

---

### **LOGISTICS, TRANSPORTATION, AND AUTOMOTIVE**

---

### **MANUFACTURING**

---

### **MARINE**

---

### **PUBLIC SAFETY AND SERVICE**

THANK YOU FOR SUPPORTING THIS AMAZING EVENT!

# AVIATION

**DO YOU LIKE TRAVELING  
AND EXPLORING NEW  
PLACES?**

**DO YOU ENJOY  
EXPERIENCING NEW  
CULTURES?**

**DO YOU LIKE WORKING IN  
DIFFERENT SETTINGS?**

If the soaring sound of airplanes excites you, this world may be for you! The industry is a multibillion-dollar sector in Broward County, including airlines, general aviation, airframe and engine manufacturers, component parts suppliers, maintenance, repair and overhaul businesses, and allied industries such as banking and insurance.

With two of the fastest-growing airports in the United States and many aviation companies calling Fort Lauderdale home, more growth is expected over the next few years. We have a multitude of career opportunities you may not be aware of fueling this important industry.

# CAREERS IN AVIATION

OCCUPATION	EDUCATION REQUIRED	AVERAGE ANNUAL WAGE IN BROWARD COUNTY
Air Traffic Controllers	Associate's degree	\$113,700
Commercial Pilots	Certificate	\$111,100
Flight Attendants	High school diploma	\$62,700
Aircraft Mechanics and Service Technicians	Certificate	\$60,200
Avionics Technicians	Associate's degree	\$59,400
Airfield Operations Specialists	Certificate	\$57,100
Aircraft Cargo Handling	Certificate	\$56,100
Engineering Technicians, Except Drafters, All Other	Associate's degree	\$52,500

# CONSTRUCTION, ENERGY AND UTILITY

**DO YOU ENJOY WORKING  
OUTDOORS?**

**DO YOU ENJOY  
PHYSICALLY DEMANDING  
JOBS?**

**DO YOU ENJOY WORKING  
WITH VARIOUS KINDS OF  
MACHINERY AND TOOLS?**

**DO YOU GET  
SATISFACTION FROM  
BUILDING SOMETHING  
WITH YOUR HANDS?**

What comes to mind when you think of construction? Giant cranes and cement trucks? Those are just a few pieces of the vast world of construction! The construction industry in Broward County consists of residential building construction, plumbing, roofing, land subdivision control, street and highway maintenance, bridge repairs, solar panel installation, and more. Higher wages are found in occupations with greater training requirements, and many occupations require additional certification beyond a high school diploma. Occupations in this field keep build and maintain our homes, roads, entertainment, and places of employment, among others! If you are looking for a hands-on career option, this may be for you.

Whether lighting a room or keeping an automobile moving, the energy industry powers almost every aspect of modern living. With vast supplies of natural resources and ever-improving technologies, the United States is a global leader in the production of energy. Careers in this industry relate to extracting or harnessing power from a variety of sources, refining and distributing it, and ensuring it's safe to use by consumers. Get ready to explore this world together.

# CAREERS IN CONSTRUCTION, ENERGY AND UTILITY

# HEALTHCARE

If helping people excites you, healthcare may be the career path for you. This massive and essential industry has a variety of career opportunities from nurses to doctors, dentists, nutritionists, technicians, and more. Work may take place in a hospital, pharmacy, laboratory, gym, or athletic field.

Healthcare workers help people maintain and improve well-being. Employment opportunities are projected to grow much faster than any other occupation. Typically occupations require some training, certification, or education beyond a high school diploma.

**DO YOU ENJOY CARING FOR OTHERS?**

OF FOODS?**

**DO YOU KNOW MORE  
THAN ONE LANGUAGE?**

Would you like to work on the beach? Or in a place surrounded by delicious food, vibrant people and entertainment? Each year, thousands of tourists from around the world come to Broward County to visit our beautiful beaches, cultural museums, and widely acclaimed restaurants. As one of the largest economic sectors in South Florida, the hospitality industry is represented by businesses primarily engaged with hotel lodging, food service/dining, amusement, recreation, travel arrangement, and others. There are career opportunities in this world at every level of education. Entry level positions like a cook, housekeeper, bartender, or receptionist may only require a high school diploma. Roles like event planner, tour guide, or food and beverage manager may require a bachelor's degree. If this fast-paced world has piqued your interest, check out more!

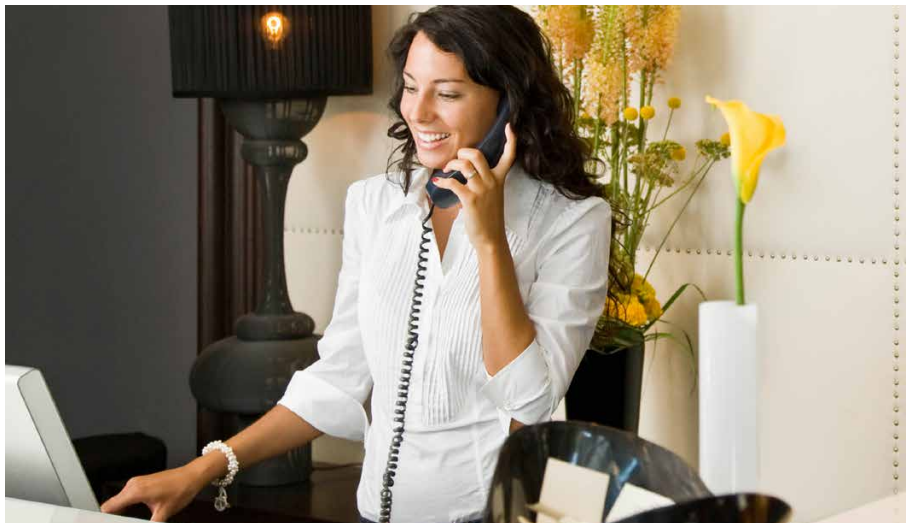

# CAREERS IN HOSPITALITY

# INFORMATION TECHNOLOGY

Technology is an ever-changing world that can be tough to keep up with. If you are fast-paced and open to change, this may be the career for you. Between internet security, coding, and building websites, career opportunities in this area continue to grow.

Broward County is a diverse hub for technology-related companies. These high-tech businesses include those that specialize in areas such as computer programming, software/application development, cybersecurity, mobile technologies, simulation, and training. Most employers will ask for some sort of certification or training beyond a high school diploma.

# LOGISTICS, TRANSPORTATION, AND AUTOMOTIVE

**DO YOU ENJOY WORKING  
WITH YOUR HANDS?**

**ARE YOU INTERESTED IN  
HOW MOTOR VEHICLES  
OR MACHINES WORK?**

**ARE YOU A PROBLEM  
SOLVER?**

Looking for something on the move? The logistics, transportation, and automotive world offers a variety of career options with lots of movement. It involves the planning, management, and movement of people, materials, and goods by road, pipeline, air, rail, and water. The career options are endless, and you may be familiar with them including drivers, operators, repairers, supervisors, and technicians. Check out this vast world that surrounds our everyday lives.

Have you ever thought about where something is made? Or how it was made? Logistics covers a broad scope of activities that facilitate the management of product movement within the supply chain. Whether you rode a bus, car, boat, train, or plane this week, you probably came in contact with some form of transportation vehicle. The transportation industry involves the actual movement of products and people via ground, ocean, and air. And vroom vroom, the automotive industry is often how we get from one place to the next. If you are into cars and motor vehicles, this world may be for you!

# CAREERS IN LOGISTICS, TRANSPORTATION, AND AUTOMOTIVE

OCCUPATION	EDUCATION REQUIRED	AVERAGE ANNUAL WAGE IN BROWARD COUNTY
Supply Chain Managers	High school diploma	\$101,720

# MANUFACTURING

**DO YOU ENJOY LEARNING  
ABOUT HOW THINGS  
WORK?**

---

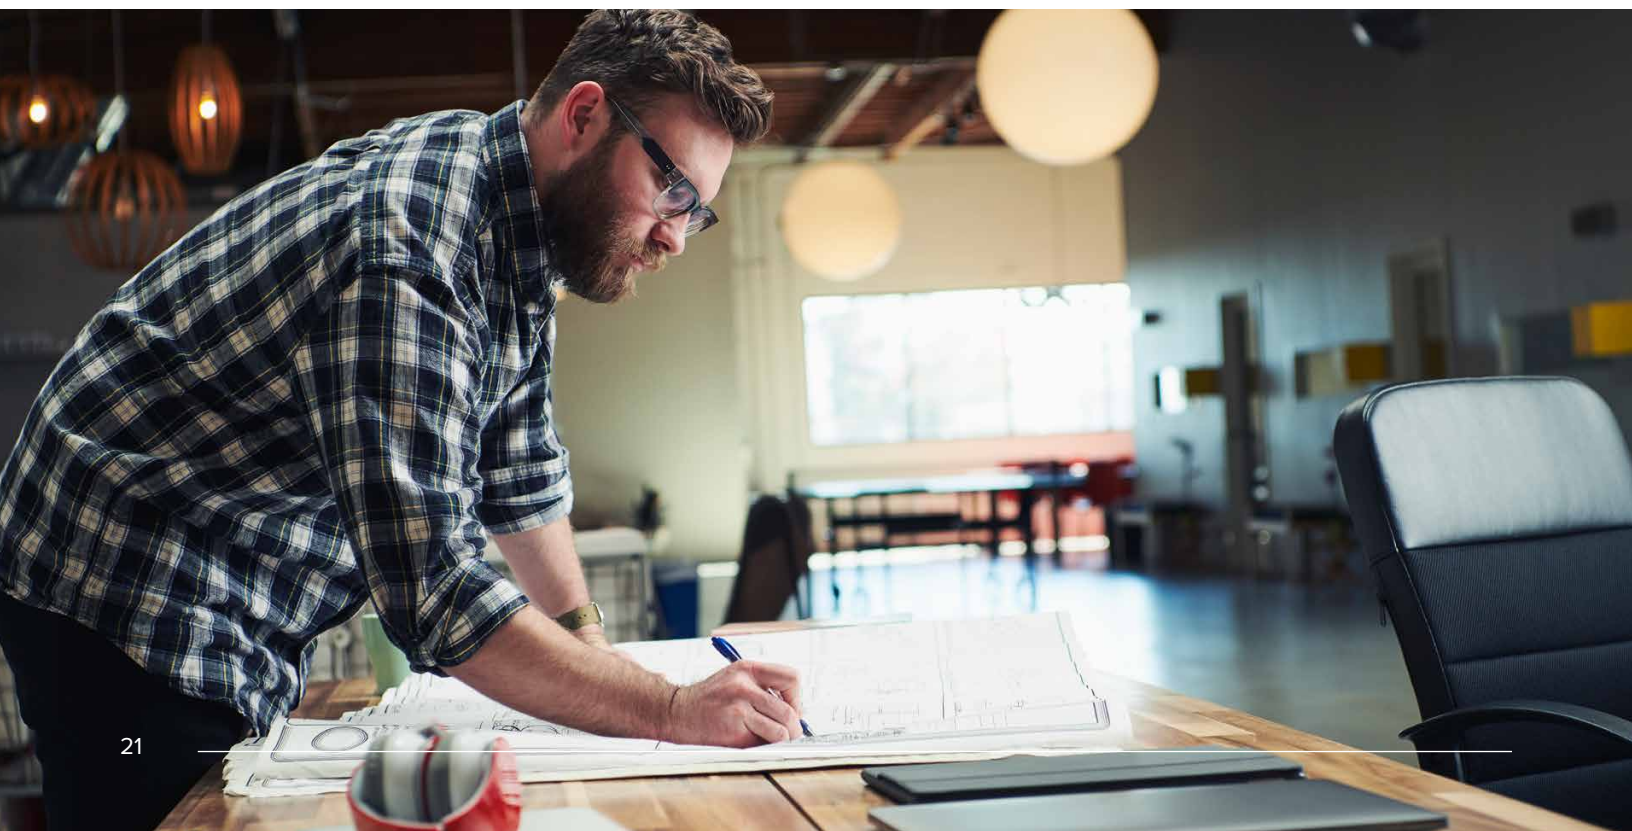

**ARE YOU A PROBLEM  
SOLVER?**

---

**DO YOU ENJOY WORKING  
IN A TEAM?**

Have you ever taken something apart to see how it works? Are you a DIY type of person? The world of manufacturing may be interesting to you. This is where you get to know how things work.

Manufacturing relates to the planning, managing, and processing of materials into intermediate or final products. The manufacturing industry produces nearly all the products and equipment used in daily life. From commercial products such as concrete, metals, chemicals, and machinery to personal products we use directly, like computers, clothing, toys, and even food and beverages – all are produced by manufacturers who either operate machines and robots or work manual processes.

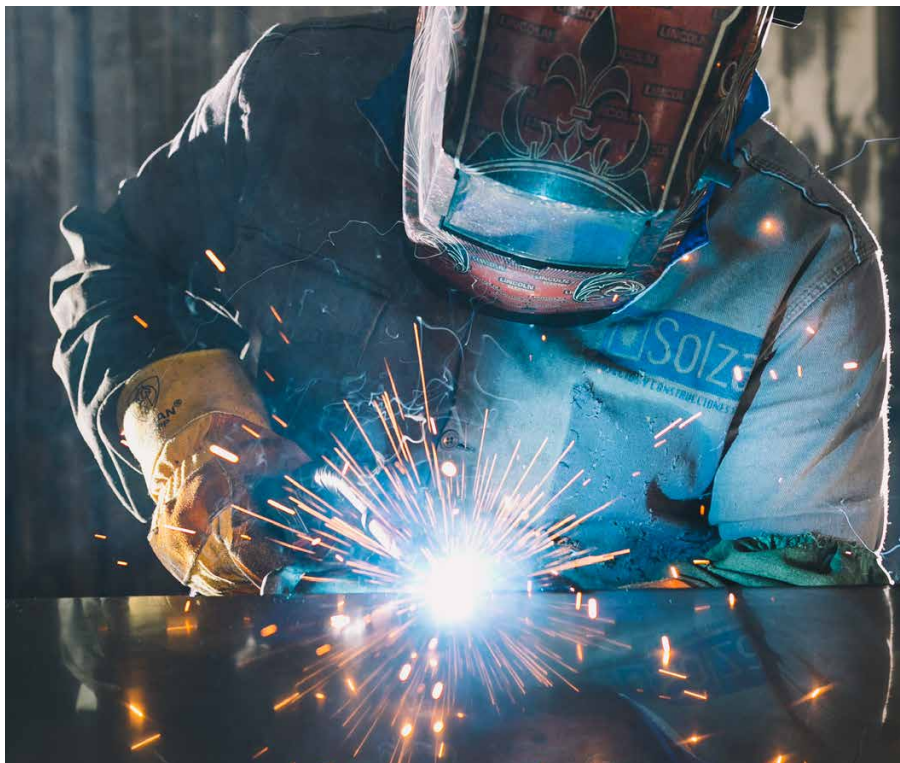

# CAREERS IN MANUFACTURING

# MARINE

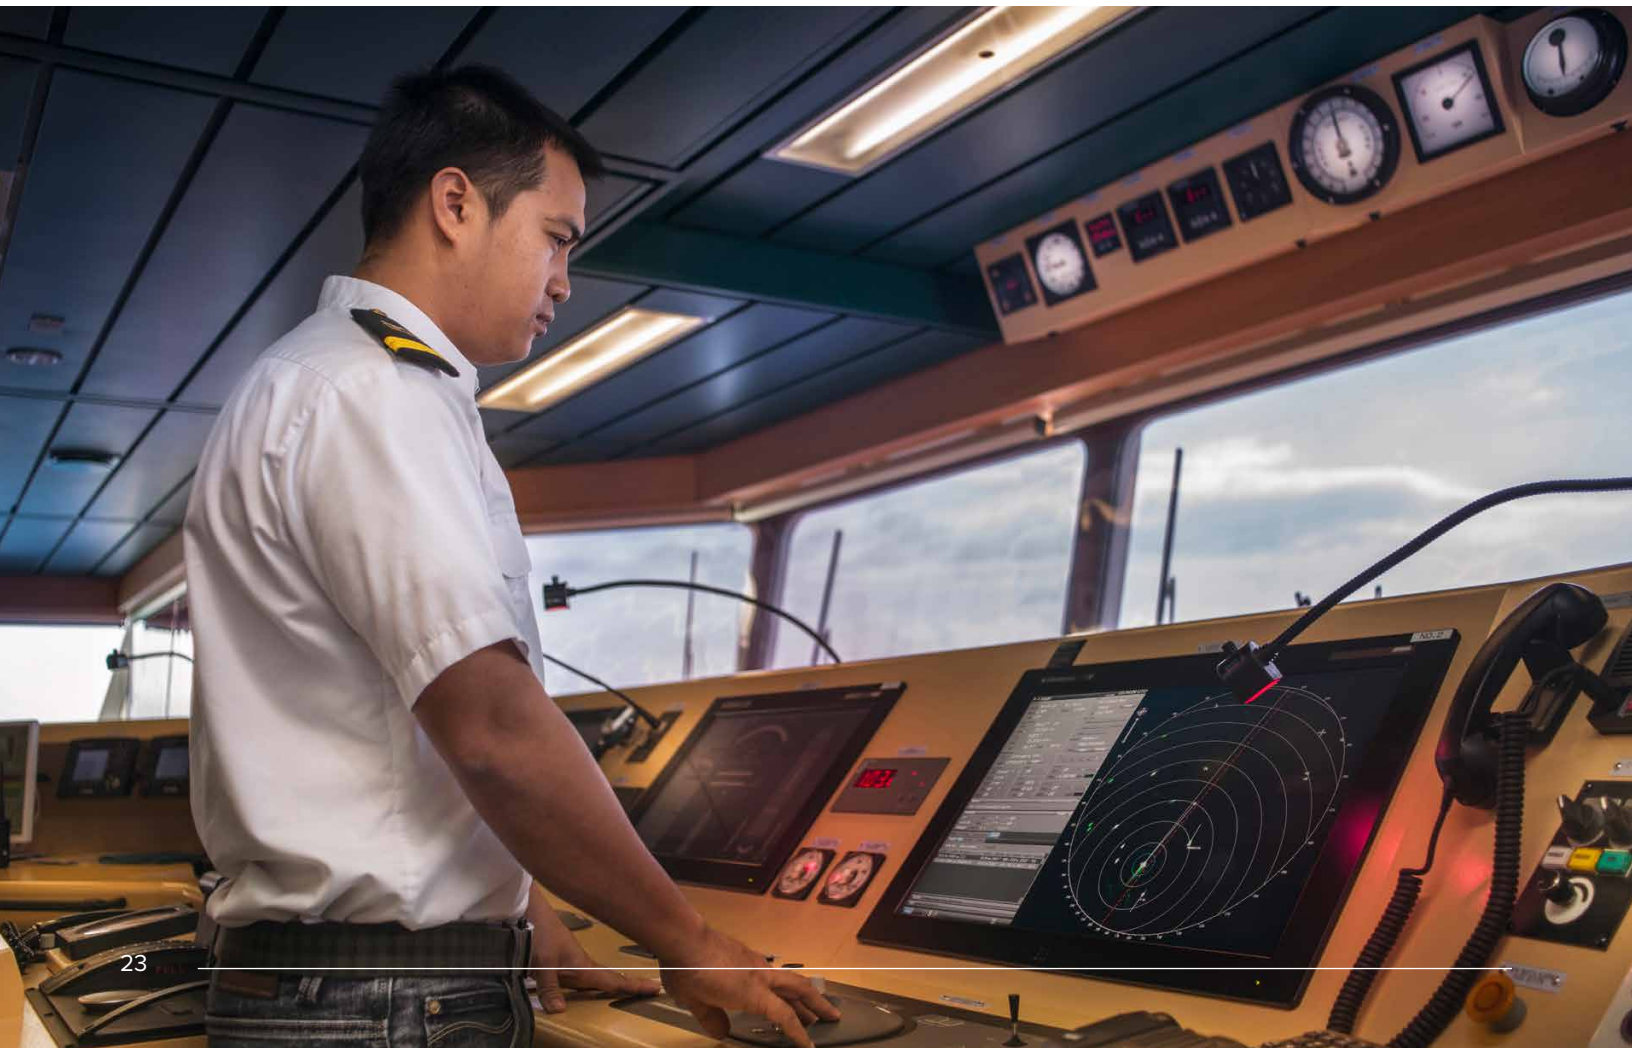

Dreaming of a career on the open seas? With Greater Fort Lauderdale regarded as the “Yachting Capital of the World,” it’s no secret that the marine industry has become a leading economic sector in Broward County. The marine industry includes the following subsectors: shipbuilding and repairing, boat maintenance, deep sea freight transportation, inland water freight transportation, port and harbor operations, marine cargo handling, and more. Jobs in this world revolve around the ocean, working from the port, from an office building, or even on a boat.

# Know more. Cut less.

Know how some things are simply better together? Like the knowledge that comes from a CT-based plan that captures each patient's unique anatomy, and Mako's AccuStop™ haptic technology, which helps you use this knowledge to precisely and accurately cut what you've planned.<sup>1-3</sup>

So you know more and cut less.<sup>4-8\*</sup>

**That's Mako. SmartRobotics™.**

Visit [makoknowmorecutless.com](http://makoknowmorecutless.com) to learn more.
